Mayor Glass and council.

Thanks you for dealing with so many complicated, difficult and important decisions.

Do you expect an influx of 'homeless', 'houseless' displaced people coming to Sebastopol/Sonoma expected as a result of the recent Supreme Court decision on evictions?

If so, what preparations can be made?

I support the proposal for a unified process which hopefully will include all shareholders -including the Displaced Persons currently labelled 'homeless' / 'houseless'.

We all need each other.

Thank you..
