

Please see below

Hi,

My name is Adrienne. You may have heard that the Amerigas lot is being sold. They buyer is a non-profit, St. Vincent de Paul. (The property is in escrow).

I am the President of the Board of another non-profit, SAVS (Sonoma Applied Village Services) and we have an agreement to manage the lot for the next year or two. We plan to use it for a Safe Parking R.V. Village, primarily for the homeless people who are struggling to live alongside the road on Morris St.

It's going to be a good thing for the homeless people. But, it will be a change for you. I know you will have questions and concerns. I'm coming by to let you know that we want to talk to you and to try to make this as easy for you as possible.

Give me a call.

Adrienne
