Dear City Council Member,

Please vote NO tonight on the proposed RV Village. While I support homeless solutions, the risk to our children is too great. The risk of being exposed to drug use, needles and or leftover drugs on campus, and the possibility that sexual offenders are placed here is against the law (Jessica's Law passed in 2006 prohibits sexual offenders from living less than 2,000 feet from a school).

Please find an alternate location that is not close to a school.

Thank you,
