Subject: Proposed RV village
Date: Tuesday, November 30, 2021 11:26:38 AM

Dear Ms. Gourley,

While I appreciate so much creating an RV village for the many homeless people in our town, I feel very uncomfortable with the newly proposed location. I don't think it should be adjacent to Sebastopol Charter School and a terrible idea for it to be right next to a liquor store. I am unfortunately unable to attend the meeting tonight but please accept my email as a public comment. I am fully against the Gravenstein highway north location.

Thank you.
