Re: proposed RV homeless encampment relocating to 845 Gravenstein Hwy N.

Mayor Glass and Sebastopol City Council Members,

I feel moved to speak out against the proposed RV village encampment at 845 Gravenstein Highway North — there must be a better location — not one next to a liquor store and so near to the Sebastopol Charter school, the West County Trail, and quiet residential neighborhoods and businesses.

I seriously oppose this proposed location and pray you can come up with a more appropriate location. I use to walk on Morris St. from Community Market to the Laguna trail but this area no longer feels like a clean, sanitary and healthy walking zone with the RV encampment present.

Thank you for listening.

Sincerely longtime Sebastopol resident,
Laurie Binder
