Before you think of adding ANY MORE RADIATION to our already saturated air , Please consider this . Arthur Firstenberg , Dr. Tom Cowan MD , and Beverly Rubik have all done their research . They and others prove that AFTER EVERY INCREASE IN ELECTRIFICATION OF THE EARTH , A PANDEMIC FOLLOWS !!!!! In ancient times pandemics followed solar flares and comets close to the Earth . History proves that every time more electricity is introduced on Earth a pandemic follows . Our current pandemic follows the introduction of 5G wireless signal . Electro-Magnetic Frequency sends RADIATION into the air . The symptoms of covid are akin to radiation poisoning . Our blood is badly affected by electro-magnetic radiation , because it is toxic and also because our blood is rich in iron . I beg you , do not let any more wireless devices be installed . We are already SICK ! Please , There are books and medical papers written and published on this issue .Please do the right thing and refuse wireless water meters . Sincerely , Theresa Melia
