**Subject:** Fw: Safe Parking RV Village

In sending the forwarded email to Adrienne @ Sonoma Villages my regret is that I didn't cc it to all of you, so I am forwarding it to you now.

Our concern has everything to do with safety for not only our kids and grandkids but the disabled folk, myself included. There is a pathway that is heavily used that runs right in front of our house to Ragle Park. We are concerned about the unaddressed reasons for homelessness, mainly mental health which brings with it a criminal element that is not the least bit desirable in, up until this point, a quiet neighborhood. Morris St is at least out of town a bit and not in our own backyard where our kids walk and bike to school and where there will be a great deal of foot traffic that will happen right in front of the Amerigas property proposed for this new project.

I have never heard of such a limited offer between government entities. It seems especially curious that the proffered funds and the escrow for the property are not only so close by date but that those dates are coming up way too soon for us to react in any meaningful way. It feels like we are being railroaded into deciding far too quickly about a project that will be a negative impact on our community.

I am also very displeased by the time limitations put on the public for comment. The fact that our neighborhood didn't get notice about the zoom meeting until the day of the meeting is unconscionable.

Thank you for your time and consideration.

---

**Subject:** Safe Parking RV Village

To Whom This May Concern,

I live in the residential community of Belmont Terrace. My family and most of our neighbors are extremely disconcerted about the proposal to relocate this proposed "Village" to the old Amerigas property. We have many little kids and grandchildren in this neighborhood along with schools nearby, walking paths and many other areas of concern where we would be forced to cross paths with the "UNHOUSED". My gut tells me that The Barlow may be involved in some if not all of this proposal. The taxes collected by the city of Sebastopol represent quite a great deal of money for the coffers of the city. Why would they want their wealthy patrons to have to look at the RV parking along Morris St. when they could be moved further out of town and out of sight?

As you have probably already gathered, we are four square against this proposal and will be extremely unhappy if the city council decides that this is a good idea in any way.

Diana Green and family
