**Subject:** 17. Public hearing – First Reading and Introduction of Ordinance to revise the Zoning Ordinance to prohibit new Gas Stations in Sebastopol"  
**Date:** Sunday, April 03, 2022 7:17:10 PM

---

As a homeowner, resident of Sebastopol for 15 years, and a local physician, I am writing in support of the ordinance to prohibit future gas station development in Sebastopol. I am very excited that Petaluma is taking a lead on this, and I hope Sebastopol will also take this important step. We will be moving towards a fossil-free future, and the sooner the better. Please direct further development to support where we are going, not where we have come from.

Thank you

Gary Pace
