Good Morning,

I am a Sebastopol resident living at 546 Sparkes road. I am in support of CONGAS.

I feel the expansion and development of new gas stations is bad for our community and environment.

Tuesday April 6th is the vote by city council to prohibit the development of new gas stations.

Please share this message with the city council to prohibit new gas stations in Sebastopol and Sonoma county.

Respectfully,

Mark LaGrave
