

CITY OF SEBASTOPOL
CITY COUNCIL
AGENDA ITEM

Meeting Date: February 1, 2022
To: Honorable Mayor and City Councilmembers
From: Ana Kwong – Administrative Services Director
Subject: Receive and Accept of the City’s annual audit for the year-ended June 30, 2021
Recommendation That the City Council Accept the City’s Annual Audit for the year-ended June 30, 2021
Funding: Currently Budgeted: Yes _____ No X N/A
Net General Fund Cost:
If Cost to Other Fund(s),

Account Code/Costs authorized in City Approved Budget (if applicable) AK (verified by Administrative Services Department)

INTRODUCTION:

The item is recommending the City Council receive the financial reports by a Certified Public Accountant for the City’s annual audit for the year ended June 30, 2021.

BACKGROUND:

The Annual Comprehensive Financial Report (ACFR) is an audited summary report of the financial transactions of the City for the Fiscal Year 2020-21 (ending June 30, 2021). The report is designed to provide summary financial information for citizens, other government agencies, municipal lenders and other interested parties. The format of this report complies with the generally accepted accounting principles (GAAP) and reporting requirements of the national Governmental Accounting Standards Board (GASB). The City’s operations show signs of stability, a result of the prudent and sound management practices of the City of Sebastopol.

Each year the City of Sebastopol has an audit conducted by an independent auditing firm. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Sebastopol for the fiscal year ended June 30, 2021 are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. Badawi & Associates is a licensed Certified Public Accountant, who specializes in governmental audits. They had audited and verified the City of Sebastopol's financial statements and have issued the City a clean audit report, and that the accompanying financial statements have no significant or unusual transactions in the City’s statement of net position and fund statements.

Following completion of the ACFR, Management has submitted the ACFR to the Governmental Finance Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting program. The GFOA is a nationally recognized nonprofit professional association serving more than 18,000 finance professionals in the United States and Canada, and the Certificate of Achievement is the highest form of recognition in the area of governmental accounting and financial reporting.

DISCUSSION:

The City's financial statements provide information about the finances of the City in its entirety, as well as information about individual funds. The ACFR is organized into the three sections summarized below.

Introductory Section

- Letter of Transmittal - which is designed to complement Management's Discussion and Analysis (the MD&A), is prepared by management and used to communicate information on areas that may have an impact on the City's finances now and in the future. This includes economic factors as well as budget and management factors. Both should be read together to understand the City's financial position.

Financial Section (the main body of the ACFR for current year information)

- Independent Auditors' Report – the City's report card on the content of the ACFR
- Management's Discussion and Analysis (MD&A) – provides an analytical overview of the City's financial status and results for the year
- Basic Financial Statements – reports finances at a point in time (assets - liabilities) and throughout the year (revenues - expenditures), and cash flows
 - City-Wide Statements – overview of financial information including all of the City's operations by financial activity
 - Fund Financial Statements – a detailed look at funds, reporting the Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balance
 - Notes to the Financial Statements (Notes) – a narrative explanation that accompanies the Basic Financial Statements

Required Supplementary Information

- Budget to Actual Comparisons – for all governmental funds with a legally adopted budget
- Pension Information – schedule of changes in the pension liability and related ratios; schedule of contributions by plan
- OPEB Information – schedule showing three years of Other Post-Employment Benefits Other Than Pensions

Statistical Section (current and historical information – up to 10 years)

The last section of the ACFR, which is unaudited, contains schedules of statistical data about the City of Sebastopol in five major categories:

- Financial Trends
- Revenue Capacity
- Debt Capacity
- Demographic and Economic Information
- Operating Information

These schedules, generally covering a ten-year period, provide operating context for the financial data presented in the financial section of the ACFR.

The ACFR will be available on the City's website after tonight's meeting, and attached to this staff report. Copies are also available for review in the Administrative Services Department.

Analysis

The ACFR is a complex document containing a tremendous amount of information. From the auditing standpoint, our auditor has been able to provide an independent review of the City's financial reporting

processes and internal controls, and finds that the City of Sebastopol is in good financial health and is maintaining control over budgeted activities. The City's General Fund ends with a \$9.72 million fund balance, of which \$3.03 million is unassigned and available for expenditure. The fund balance decrease was primarily caused by the theft of city funds from the County of Sonoma Treasury. The general funds portion of the loss, based on respective funds' cash balance.

Financial Considerations

The audit report provides reasonable assurance that the financial statements are free of any material misstatements and found no material weaknesses and is therefore an indication that City funds are being spent appropriately and as intended by the City Council, grantor agencies, and Federal and State laws.

This report, with no material misstatements and weaknesses, signals the City's quality of accounting and financial reporting and are an indication that City funds are being spent appropriately and as intended by the City Council, grantor agencies, and federal and State laws. They also help maintain the City's favorable bond ratings.

PUBLIC COMMENT:

As of the writing of this staff report, the City has not received any public comment. However, staff anticipates receiving public comment from interested parties following the publication and distribution of this staff report. Such comments will be provided to the City Council as supplemental materials before or at the meeting. In addition, public comments may be offered during the public hearing.

PUBLIC NOTICE:

This item was noticed in accordance with the Ralph M. Brown Act and was available for public viewing and review at least 72 hours prior to schedule meeting date.

FISCAL IMPACT:

No funding impacting for accepting this report tonight.

RECOMMENDATION:

That the City Council adopt by motion and minute order to receive and accept the Fiscal Year 2020-21 audited Comprehensive Annual Financial Report (ACFR).

City of Sebastopol

January 3, 2022

Honorable Mayor, Members of the Council and Citizens of the City of Sebastopol:

City staff is pleased to present the annual comprehensive financial report for the City of Sebastopol for the fiscal year ended June 30, 2021. This report was prepared by the Administrative Service (Finance) Department, which is responsible for both the accuracy of the data presented, and the completeness of the presentation.

The annual comprehensive financial report includes a complete set of audited financial statements and related explanatory notes to the financial statements that provide additional context for reading the statements, such as accounting policies, as well as detail about summary information presented in the statements. Also, the annual comprehensive financial report includes supplemental information and statistical information to enhance readers' understanding of the City's financial and economic information. The City issues the annual comprehensive financial report within approximately six months after the close of each fiscal year with the intent to meet the goals of fiscal transparency and demonstrate compliance with various sources of external financing, such as state and federal regulations and bond covenants.

City management assumes full responsibility for the completeness and reliability of all of the information contained in this report; and has established a comprehensive framework of internal control to ensure that information is accurate and produced in accordance with generally accepted accounting principles. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The City's independent auditor, Badawi & Associates, has issued an unmodified ("clean") opinion on the City of Sebastopol financial statements for the fiscal year ended June 30, 2021. The independent auditor's report is presented at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements and should be read in conjunction with this letter and the financial statements and notes.

Profile of the City of Sebastopol

The City of Sebastopol has a population of approximately 7,800 residents; and is located in Sonoma County, California. Sebastopol was incorporated 1902, and operates under a council-manager form of government. Policymaking and legislative authority are vested in the City Council consisting of the Mayor and four other elected Council members. The Council is elected on a non-partisan basis. Council members serve four year staggered terms, with two members elected every two years. The Mayor is selected by the five-member Council and serves in that capacity for one year.

The Council is responsible for, among other matters, approving and modifying ordinances, adopting the City budget, appointing committee and commission members, and hiring the City Manager and City Attorney. The City Manager is responsible for assuring compliance with the ordinances, implementing the policies and direction of the City Council, appointing department heads, hiring employees, and managing daily operations of the City.

Sebastopol is a full-service city that provides a wide variety of municipal services to its residents and visitors, including municipal utilities (Water and Wastewater); fire and police protection; construction and

City Council Meeting Packet of February 1, 2022

Page 12 169

maintenance of City streets, storm drains, bridges, and similar infrastructure type assets; park maintenance; community recreation activities; building inspections; licenses and permits; and facilities. The city also serves as a transportation and economic hub for West Sonoma County.

Sebastopol is a City that Cares:

Sebastopol is a caring community that celebrates inclusion, diversity and sustainable environmental practices; as well as the health and success of its citizens and businesses. Many visitors, from “locals” traveling from the San Francisco Bay Area to interested visitors from around the world, come to Sebastopol to enjoy the natural environment, fine dining, welcoming lodging, and a wide array of recreational and educational activities.

The City is well-known for its leadership efforts in environmental sustainability, and strives to conserve natural resources, notably energy and water. Sebastopol hosts many local events that celebrate the arts and artists, with a robust Community Center that provides an easily accessible space for many local artisans, actors and communicators. A “makers’ space” is located within the city, and a local technology company has hosted many “makers fairs.” Sebastopol seeks an environment where its citizens and visitors can learn and grow together in a caring, supportive environment.

Budget Process:

The City’s annual budget serves as the foundation for the City of Sebastopol’s financial planning and expenditure control system. All departments of the City submit requests for appropriations to the City Budget Subcommittee each year; these requests serve as a starting point for developing a proposed budget. The City Budget Subcommittee presents a proposed operating and capital budget to the City Council each year. The Council holds public hearings, generally starting in June, to review and receive input on the proposed budget before formal adoption. The budget is adopted by fund, department and account classification. During the year, the City Manager may authorize budget transfers within departments and funds, but only the City Council can approve additional appropriations. Staff provides monthly financial reports to the Council during the year and may prepare a comprehensive budget review at mid-year. Council approves adjustments to the original budget during the year to reflect changing conditions that impact revenues or expenditures.

Budget to actual comparisons are provided in this report for each governmental fund for which an appropriated annual budget has been adopted. The general fund comparison is presented as required supplementary information in a separate section of this report immediately following the notes to the financial statements. For the City’s other governmental-type funds a budget to actual comparison schedule is presented as optional information in the section of this report containing combining financial statements and individual fund schedules.

Local Economy

The City is located in beautiful Sonoma County, approximately sixty miles north of San Francisco. The area attracts many visitors each year, and Sebastopol receives substantial funding from sales taxes and transient occupancy taxes. Attractive recreational opportunities, great food and wine, and specialty retail shops that offer locally made goods bring in many visitors. Warm welcomes and friendly service brings them back!

Local employment prospects are strong, in relation to historical trends. However, the impacts of the Covid-19 pandemic that began in March 2020 are having a negative impact on local businesses. Projected sales and transient occupancy taxes have been lowered based on very recent experience with the pandemic’s impacts, and the budget has been adjusted accordingly. The FY 21-22 general fund operating budget anticipates the use of resources to exceed sources of funding by approximately \$1.0 million. The adopted budget anticipated unassigned end-of-year general fund balance of \$582,000; which is below the policy threshold. The FY 21-22 adopted budget anticipated assigned and unassigned balance, when combined, to be \$5.6 million, which represents approximately 50% of budgeted expenditures for the general fund. As

the City recovers from the impacts of the Covid-19 pandemic, policy discussions and decisions about the use or accumulation budget reserves will be a key driver of fiscal health.

Conservative projections of general revenues, primarily taxes, are necessary, given recent experiences with sharp declines in economic activity caused by the Covid-19 safety concerns as well as wildfires and floods that have occurred at a rate that is well above the historical norm.

Future Challenges:

The Fiscal Year 2021-22 budget was challenging to balance due to the pandemic; and included flat property tax projections, and lower receipts for other general taxes, especially sales taxes. Cooperation on resource use is the key to maintaining safe reserve levels, and departments began the budget process with a mandate to control expenditures with little or no growth.

Other impacts on future budgets will be pension and post-employment health care costs, as actuarial estimates impact the City's contractual obligation to provide retirement funding to CalPERS, and health care costs continue to rise at a rate that exceeds general inflation. The City has accumulated \$2.7 million in assigned fund balance to create a budgetary buffer against future spikes in pension funding requirements.

The retail hub known as "The Barlow" experienced the most severe economic impacts from prior years' floods, and was experiencing a recovery right before the economic impacts of Covid-19 were felt. All local businesses suffered economically due to the Covid-19 virus. The City is actively working with State and County public health officials to maintain a safe environment for residents and visitors, while also planning to restore the local economic landscape to a sustainable and healthy level. Cooperation and communication will be the key to safety and success.

Long-Term Financial Planning

The City annually updates a five-year financial forecast, incorporating both projected revenues and expenditures for the general fund. The City Council balanced the FY 21-22 budget with an appropriate use of reserves that provided for the continuation of essential services during the response to the Covid-19 pandemic. The City has a practice of using moderately conservative revenue projections and adjusts projections at mid-year when necessary. The fiscal sustainability goals and priorities that had financially-significant impacts on budget development follow:

I. Maintain core services to the public as a top priority:

- a. The budget provides "baseline" funding in core areas, including police, fire, roadways, recreation and development services; and funds administrative efforts to make public communications and decision-making transparent and responsive.
- b. By policy, funding requests that are above a baseline budget (prior years' minimum operating requirements, contractual obligation plus an inflation factor), are incorporated in departmental operating budgets based on a cost-to-service benefit analysis.
- c. Create and charge fair prices for services that are delivered on an "as requested" basis, such as planning and development services which are regulated through a the user fee schedule.

II. Create and maintain appropriate operating budgetary surpluses:

- a. Anticipated revenues plus beginning fund balances (financing sources) should be higher than appropriations for expenditures plus ending fund balances (financing uses).
- b. The City's goal of creating and maintaining fund balances while providing for core services is intended to provide a cushion against uncontrollable spikes in costs or unanticipated short-term drops in revenue.
- c. Planned fund balance uses, besides providing stability when expenses spike or revenues drop, should be limited to taking care of deferred City infrastructure and equipment needs, funding

one-time costs to create efficiencies in City programs, and providing pre-funding of longer-term liabilities that will save money in future years.

- d. The FY 21-22 adopted operating budget meets the City Council's fund balance policy goals when assigned and unassigned fund balance are combined; and does not fund items above the baseline policy level. However, assigned fund balance is lower than the policy level due to the need to be responsive to the Covid-19 pandemic's impact and to fund baseline service while also using conservative estimates of general tax revenues.

III. Debt financing is limited to achieving operating efficiencies:

- a. Consistent with the City Council's goal to provide stability for ongoing core service programs.
- b. The FY 21-22 operating budget provides for no additional debt financing.
- c. Core programs that require significant infrastructure, like Water and Wastewater may use debt financing for significant capital costs due to the long-term nature of the assets and financing plans.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Sebastopol for its annual comprehensive financial report for the fiscal year ended June 30, 2020. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized annual comprehensive financial report, with contents that conform to program standards. The annual comprehensive financial report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The City of Sebastopol has received the Certificate of Achievement for three consecutive years (fiscal years ended 2017 through 2020).

We believe our current report continues to meet the Certificate of Achievement Program's requirements and we will be submitting it to GFOA to determine its eligibility for another certificate. Staff Contributions

Acknowledgment

The preparation of this report would not have been possible without the teamwork and dedication within the City's Administrative Services (Finance) Department staff, and through the cooperation of the entire City staff. City staff members have my sincere appreciation for their contributions. The Mayor and Council Members deserve recognition for their continued support and leadership in maintaining high standards of professionalism in managing the City's finances.

Respectfully Submitted,

Ana Kwong – Administrative Services Director

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of the City Council
of the City of Sebastopol
Sebastopol, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Sebastopol, California, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of June 30, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, pension and OPEB information on pages 5-20 and 83-88 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, budgetary comparison schedules on pages 92 to 120 and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

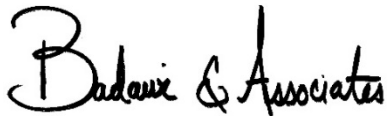

The combining and individual nonmajor fund financial statements, and budgetary comparison schedules on pages 92 to 120 are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, and the budgetary comparison schedules on pages 92 to 120 are fairly stated in all material respects in relation to the basic financial statements as a whole.

To the Honorable Mayor and Members of the City Council
of the City of Sebastopol
Sebastopol, California
Page 3

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 3, 2022, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CITY OF SEBASTOPOL
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2021
(Rounded to the nearest \$1,000)

As management of the City of Sebastopol, California (City) we offer readers of the City's financial statements this overview and analysis of the City's financial activities for the fiscal year that began on July 1, 2020 and ended June 30, 2021 (FY20-21). We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal and the City's financial statements, with related notes, which follow this section.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of the City exceeded the liabilities and deferred inflows by \$16,221,000 (net position) at June 30, 2021: Governmental activities' net position was \$8,181,000; and business-type activities' net position was \$8,040,000.
 - Total government-wide net position is categorized as follows:
 - \$14,554,000 is the net investment in capital assets;
 - \$ 3,067,000 is restricted for specific purposes (restricted net position); and,
 - (\$1,400,000) is the unrestricted net position, the residual of total net position less the other categories of net position. Unrestricted net position, when positive, is used by the city to meet its ongoing obligations to citizens and creditors.
 - For the fiscal year, the net position of governmental and business-type activities decreased by \$1,129,000 and \$759,000 respectively; accounting for a government-wide decrease in net position of \$1,888,000.
 - At June 30, 2021, the city's governmental funds reported a combined ending fund balance of \$11,672,000. Governmental funds' balances decreased by \$(579,000) for the year reported.
 - The general fund reports fund balance of \$9,282,000 at June 30, 2021; and it is distributed in these categories:
 - 1) \$42,000 is categorized as **non-spendable**, and is comprised of prepaid items.
 - 2) \$1,162,000 is reported as **restricted** for flood recovery.
 - 3) \$5,049,000 is reported as **assigned** fund balance, indicating the city's intention to use the financial resource for a particular purpose in the future, as follows:
 - Buildings, equipment and infrastructure, \$1,010,000;
 - Equipment, vehicle and technology replacement, \$1,221,000; and,
 - Pension and other post-employment liabilities rate stabilization, \$2,818,000.
 - 4) \$3,029,000 is **unassigned fund balance**, which represents the residual of total fund balance less other categories. It is available for consideration in the budget process.
- Proprietary funds: Within the proprietary fund type, the city reports two enterprise funds, water and wastewater. Proprietary funds report a combined net position of \$8,040,000 at June 30, 2021; with \$4,234,000 reported in the water fund; and \$3,806,000 reported in the wastewater fund. The city also reports an internal service fund for insurance benefits, and that fund has a balance of one thousand dollars.

CITY OF SEBASTOPOL
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2021
(Rounded to the nearest \$1,000)

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of four parts – a *management's discussion and analysis* (this section); the *basic financial statements, with related notes to the financial statements; required supplementary information*; and a *supplementary information* section that presents *combining statements* for non-major governmental funds. The basic financial statements include two kinds of statements that present different views of the City:

- The first two statements are *government-wide financial statements* that provide both long-term and short-term information about the City's *overall* financial status.
- The remaining statements are *fund financial statements* that focus on individual parts of the City government, reporting the City's operations in more detail than the government-wide statements.

The *governmental fund's* statements tell how *general government* services like public safety were financed in the *short term* as well as what remains for future spending.

Proprietary funds' statements offer *short-term* and *long-term* financial information about the activities the government operates *like businesses*, such as the water and wastewater system.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by required supplementary information that further explains and supports the information in the financial statements. In addition to these required elements, we have included a section with combining statements that provide details about our non-major funds, each of which are added together and presented in a single column in the basic financial statements.

Figure A-1 summarizes the major features of the City's financial statements, including the portion of the City government they cover and the types of information they contain. The remainder of this overview explains the structure and content of each of the statements.

**CITY OF SEBASTOPOL
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2021
(Rounded to the nearest \$1,000)**

**Figure A-1
Major Features of City of Sebastopol's Government-Wide and Fund Financial Statements**

	Government-Wide Statements	Fund Statements	
		Governmental Funds	Proprietary Funds
<u>Scope</u>	Entire City government	The activities of the City that are not proprietary or fiduciary, such as police, fire, and parks.	Activities the City operates similar to private businesses: the water and wastewater systems.
<u>Required financial statements</u>	Statement of net position	·Balance sheet	·Statement of net position
	Statement of activities	·Statement of revenues, expenditures, and changes in fund balances	·Statement of revenues expenses, and changes in net position · Statement of cash flows
<u>Accounting basis and measurement focus</u>	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus
<u>Type of asset/liability information</u>	All assets and liabilities, both financial and capital, and short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included	All assets and liabilities, both financial and capital, and short-term and long-term
<u>Type of inflow/outflow information</u>	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during year, regardless of when cash is received or paid

Government-wide Financial Statements are designed to provide readers with a broad overview of City finances, in a manner similar to a private-sector business. These financial statements provide both long-term and short-term information about the City's overall financial status.

The *statement of net position* presents information on the City's assets and deferred outflows; liabilities and deferred outflows; and the residual difference of those elements which is reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

CITY OF SEBASTOPOL
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2021
(Rounded to the nearest \$1,000)

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods, such as revenues pertaining to uncollected taxes and expenses pertaining to earned but unused vacation and sick leave.

The government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or in part a portion of their costs through user fees and charges (*business-type activities*). A description of the functions follows:

- ***Governmental activities*** – Most of the City's basic services are included here, such as the police, fire, public works, parks and community development departments and general administration. Property taxes, sales taxes, transient occupancy taxes, utility user taxes, and state and federal grants finance most of these activities.
- ***Business-type activities*** – The City charges fees to customers to help it cover the costs of certain services it provides. The City's water and wastewater system are included here.

Fund Financial Statements financial information for funds, which are groupings of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance. All of the funds of the City can be divided into two categories: *governmental funds* and *proprietary funds*.

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds' financial statements focus on *near-term inflows* and *outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in determining what financial resources are available in the near future to finance the City's programs.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds' balance sheet and the governmental funds' statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

CITY OF SEBASTOPOL
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2021
(Rounded to the nearest \$1,000)

The City maintains individual governmental funds organized according to their type (the general fund and special revenue, capital projects and debt service funds). Information is presented separately in the governmental funds' balance sheet and in the governmental funds' statement of revenues, expenditures and changes in fund balances for the General Fund, which is considered to be a major fund. Data for the remaining governmental funds are combined into a single, aggregated presentation entitled "non-major governmental funds". The individual and combining fund data for each of these non-major governmental funds is provided as supplementary information in this report.

Proprietary funds, like the government-wide statements, provide both long-and short-term financial information.

The City reports three funds within the **proprietary funds category**: Two **enterprise funds** account for water and wastewater business-like activities; and one **internal service** fund accounts for some insurance services. Both enterprise funds are considered to be major funds, and as such are reported in separate columns within the proprietary funds' financial statements.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of the funds are not available to support the government's own programs. The City uses one fiduciary fund to account for activities related to its former Redevelopment Agency.

Long-term Liabilities	15,482,000	15,333,000	3,987,000	3,882,000	19,469,000	19,215,000
Total liabilities	17,322,000	17,012,000	4,236,000	4,185,000	21,558,000	21,197,000
Deferred inflows of Resources						
Deferred inflows - Pension and OPEB	633,000	939,000	83,000	166,000	716,000	1,105,000
Total deferred inflows of resources	633,000	939,000	83,000	166,000	716,000	1,105,000
Net Position						
Invested in capital assets	9,355,000	9,495,000	5,199,000	5,595,000	14,554,000	15,090,000
Restricted	3,067,000	1,641,000	-	-	3,067,000	1,641,000
Unrestricted	(4,241,000)	(1,826,000)	2,841,000	3,204,000	(1,400,000)	1,378,000
Total net position	\$ 8,181,000	\$ 9,310,000	\$ 8,040,000	\$ 8,799,000	\$16,221,000	\$18,109,000

Total net position, (assets and deferred outflows, less liabilities and deferred inflows), was \$16,221,000 at June 30, 2021. Governmental activities net position was \$8,181,000; and business-type activities' net position was \$8,040,000.

The largest component of the City's net position is invested in capital assets; and is reported at \$14,554,000. This component represents 90% of total net position as of June 30, 2021. The City uses these capital assets to provide a variety of services to its citizens. Accordingly, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources used to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

CITY OF SEBASTOPOL
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2021
(Rounded to the nearest \$1,000)

An additional portion of the City's net position represents resources that are subject to external restrictions on how they may be used, with \$3,067,000 reported as restricted at June 30, 2021.

At June 30, 2021 the City reported negative unrestricted net position for its governmental activities of (\$4,241,000) and a positive unrestricted net position for business-type activities of \$2,841,000. Government-wide total unrestricted net position is negative (\$1,400,000). The negative unrestricted net position reported for governmental activities is due in large part to pension and post-employment medical liabilities. Also, during the year, as mentioned early in the analysis, the city recorded a theft event that had a negative impact of \$1,200,000 on unrestricted net position.

Changes in Net Position: Table A-2 reflects comparative changes in net position, for both government and business-type activities for fiscal years ended June 30, 2021 and 2020.

Governmental Activities:

Table A-3 presents expenses for each of the City's functional areas, as well as the changes compared to the prior year:

**CITY OF SEBASTOPOL
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2021
(Rounded to the nearest \$1,000)**

**Table A-3
Cost of City Sebastopol's Governmental Activities
(in rounded nearest one thous and dollars)**

	Expenses by Function		Percentage Change
	2021	2020	2020-2021
General Government	2,658,000	2,610,000	1.84%
Public Safety	6,760,000	6,263,000	7.94%
Parks and recreation	965,000	1,160,000	-16.81%
Public Works	1,633,000	1,449,000	12.70%
Interest on Long term Debt	38,000	70,000	-45.71%
Total	<u>12,054,000</u>	<u>11,552,000</u>	<u>4.35%</u>

The shifts between categories reflect changes in service delivery as well as the timing of deferred maintenance performed by the parks and recreation and public works functions. General government and public safety expense increases are primarily driven by changes in actuarial estimates of future funding requirements for pensions and post-employment medical benefits. Decreases in expenses for interest reflect the amortization of long term debt.

Governmental activities' services were financed as follows:

- Those who directly benefitted from the programs paid charges for service of \$936,000;
- Other governments and organizations that subsidized certain programs with operating grants of \$800,000 and capital grants of \$741,000; and,
- Tax revenues totaling \$8,927,000 were primarily comprised of support in the form of property, sales and transient occupancy taxes.
- Interest earnings, miscellaneous revenues and transfers from other funds totaled \$340,000.
- Sales taxes comprise approximately 37% of total governmental activities revenue, and transient occupancy taxes make up 3%. Those sources are considered to be more sensitive to short-term economic changes than property taxes, (26% of total revenue); and franchise fees and utility taxes, (10% of total revenue).

**CITY OF SEBASTOPOL
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2021
(Rounded to the nearest \$1,000)**

A graphical representation of the relative weights of governmental activities revenues follow
**Governmental Activities Revenue by Source
Fiscal Year 2020-2021**

The residual amount of governmental activities’ revenues less expenses is negative (\$349,000) for fiscal year 2020-21; and when combined with a transfer in from business-type activities of \$31,000, the effect of a theft of County of Sonoma treasury fund reported as an extraordinary item (\$819,000), net position attributed to governmental activities decreased by (\$1,129,000).

Total fiscal year 20-21 governmental activities revenues were \$11,713,000, and reflect a \$705,000 decrease over the prior year’s amount, indicating revenue decline of 5.7%. General revenues, primarily taxes, decreased by 0.10%, with \$9,236,000 collected in the current year reported, compared with \$9,245,000 collected in the prior year; a decrease of (\$9,000).

The net change in governmental activities’ revenue is attributed to two major factors: 1) A decrease in intergovernmental grants and contributions that funded prior years’ disaster recovery expenses; and, 2) Changes in tax revenues that are impacted by the public response to the Covid-19 global pandemic.

Governmental Activities’ expenses grew by \$502,000, from \$11,552,000 reported for FY 19-20 to \$12,054,000 reported for FY 20-21. This 4% growth is reflective of normal inflationary pressures on salary and benefits, and services and supplies. Changes between categories of expenses include an increase in public safety expenses attributed to response to Covid-19 and disaster recovery; an increase in public works due to restoration of project after the County Health Officer lifted “shelter-in-place” orders that hampered work on prior year’s projects. A theft of investment funds from the County of Sonoma treasury is reported as an extraordinary item (\$819,000) and is more fully explained in the notes to the financial statements.

CITY OF SEBASTOPOL
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2021
(Rounded to the nearest \$1,000)

As noted in our description of the differences between government-wide and fund financial statements, more detail of governmental activities is provided in the fund financial statements that focus on changes in financial resources.

Business-Type Activities:

The City's business-type activity is comprised of transactions that occur in the water and wastewater enterprise funds.

For FY 21 the net position of business-type activities decreased by \$(759,000); with a \$(116,000) decrease in the water fund and a \$(643,000) decrease in the wastewater fund. The change in net position represents 8.6% of the combined funds' beginning net position.

The decrease in net position is consistent with the prior year's results, and is due to cost increases for the operation of the sub-regional wastewater treatment plant, and increased cost of payroll related to pensions. Also, the extraordinary item reported, theft of funds that occurred due to a fraudulent wire transfer out of the Sonoma County Treasury, contributed to the reduction in business-type activities net position.

Net position of the water enterprise fund was \$4,234,000 and the net position of the wastewater fund was \$3,806,000, for a combined net position of \$8,840,000 for all business-type activity at June 30, 2021.

Investment in capital assets is the largest category of the business-type activities' net position, with \$5,199,000 and 64.7% of total net position. The unrestricted net position, total net position less net position invested in capital assets is \$2,841,000 and 35.3% of the total.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

Governmental Funds: The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's short-term financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary use as they represent the portion of fund balance which has not yet been limited to use for a particular purpose by either an external party or the City itself.

The City's governmental funds include the general fund and all non-major funds which are reported in the aggregate in the financial statements. Detail for the individual non-major funds' information is provided in the supplementary information section of this report.

At June 30, 2021, the City's governmental funds reported total fund balances of \$11,672,000, a decrease of \$579,000 in comparison with the prior year. The total fund balance is reported within these categories:

- \$42,000 is "non-spendable" because the financial resources have been used to prepay expenditures.
- \$3,067,000 is "restricted," and is only available to spend in accordance with the external restrictions imposed by the funding sources themselves.

**CITY OF SEBASTOPOL
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2021
(Rounded to the nearest \$1,000)**

- \$491,000 is “committed,” and is considered available only for particular purposes already approved by the City Council. Only the City Council can change the purposes for which fund balance was committed, by taking action similar to what is needed to approve budgets.
- \$5,050,000 is “assigned” for a particular future use.
- \$3,022,000 is “unassigned,” and as such is considered available to finance future years’ budgetary needs at the discretion of the City Council.

The aggregated non-major funds report a negative un-assigned fund balance of \$7,000. This is caused by expenditures that occur in advance of reimbursement revenues and transfers in from other funds.

General Fund:

The general fund is the chief operating fund of the City. During FY 20-21, the general fund balance decreased by (\$861,000); and is \$9,282,000 as of June 30, 2021. Fund balance is distributed in the following categories:

- \$42,000 is “non-spendable” because the financial resources were used for prepaid items.
- \$1,162,000 is restricted for particular uses from outside funding sources or law.
- \$5,050,000 is “assigned” for these stated uses:
 - \$1,010,000 for buildings and infrastructure;
 - \$1,221,000 for equipment, technology and vehicle replacement; and,
 - \$2,819,000 for pension and post-employment medical benefits.
- \$3,028,000 is “unassigned,” and as such is considered available to finance future years’ budgetary needs at the discretion of the City Council.

As a measure of the City Council’s general fund budgetary discretion, it may be useful to calculate fund balance as a percentage of annual expenditures: Unassigned general fund balance at June 30, 2021 represents approximately 28.6% of FY 20-21 general fund expenditures of \$10,579,000.

The general fund balance decrease of (\$861,000) was primarily caused by the theft of city funds from the County of Sonoma Treasury. The general funds portion of the loss, based on respective funds’ cash balances, was \$819,000.

General fund expenditures increased by \$980,000 or 10.2%; from \$9,599,000 reported for FY 19-20 to \$10,579,000 for FY 20-21. Public Safety expenditures increased by \$990,000 or 18%; from \$5,303,000 reported for FY 19-20 and \$6,293,000 reported for FY 20-21, primarily driven by rising pension funding requirements. Details of public pension liabilities and related funding are provided in the notes to the financial statements.

General Fund Budgetary Highlights

The general fund’s original budget anticipated a decrease in fund balance of (\$2,198,000) and that budget was amended during the year to anticipate a decrease in fund balance of (\$3,014,000). The City Council reduced the budgetary result by \$1,200,000 to reflect the theft of City of Sebastopol from the County of Sonoma cash pool mention early in this analysis. Other significant budget amendments include an increase in budgeted revenues of \$596,000 during the year for sales taxes, based on favorable mid-year budget reports presented to the City Council.

CITY OF SEBASTOPOL
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2021
(Rounded to the nearest \$1,000)

The actual budgetary result, a (\$861,000) decrease, was better than the final budget's anticipated decrease of (\$3,014,000). Accordingly, the City reports a positive final budget to actual results variance of \$2,153,000.

Actual revenue for the year exceeded final budget amounts by \$1,414,000. Tax revenues exceeded budget estimates by \$755,000 due to original estimates being conservative. Sales tax was the main component of the positive tax revenue variance, and exceeded final budget estimates by \$646,000. Revenue estimates were conservative in recognition of the uncertainty of the timing and extent of the economic rebound from the lifting of Covid-19 shelter in place orders.

Intergovernmental revenues exceeded final budget estimates by \$545,000, with the positive variance attributed revenues received from other governments to support the City's efforts in responding to the Covid-19 pandemic.

Actual expenditures were favorable in comparison to final budget amounts by \$274,000. Public works programs and parks and recreation expenditures were lower than anticipated due to delayed improvement expenditures.

A budgetary comparison schedule within the required supplementary information section of this report provides more detail on the original budget, final budget and actual results. The information includes a comparison between the final budget and actual results for each significant general fund revenue account and for each general fund functional area and operating department.

Non-major Governmental Funds:

Non-major governmental funds, in the aggregate reported June 30, 2021 fund balances of \$2,390,000. Aggregated information of the non-major funds is displayed in the financial statements that also include the major governmental funds. ***The individual fund information for non-major governmental funds is reported in the combining statements that are found in the supplemental information section of this report.***

Overall, non-major funds' fund balance increased by \$282,000; and the increase is indicative of the timing differences between receipt of revenue and transfers in from the various funding sources and the city's budget and expenditure process. The supplementary information includes a description of each fund, and its financial information.

In the aggregate, non-major funds reported a negative un-assigned fund balance of \$7,000 at June 30, 2021. The deficit was caused by expenditures that occur in advance of the reimbursement revenues received from other parties.

Please see note 8 - A, "deficit balances," for more information about individual fund deficits.

Proprietary Funds – Water and Sewer Enterprise Funds:

Proprietary fund-type activity is comprised of the water and wastewater enterprise funds, and one internal service fund used to allocate insurance costs. The combined net position at of enterprise funds at June 30, 2021 is \$8,040,000; with \$5,199,000 representing investment in capital assets net of related debt and \$2,841,000 reported as unrestricted net position.

**CITY OF SEBASTOPOL
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2021
(Rounded to the nearest \$1,000)**

The changes in these enterprise funds' activities are described in the business-type activities' section of this management discussion and analysis.

Internal Service Fund:

The city also reports the insurance and benefits internal service fund within the proprietary category. The fund takes in revenues in the form of charges paid to other funds of the city, and spends those revenues to deliver insurance and other benefits. Ending fund balance of \$1,000 at June 30, 2021 is unchanged for the year.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of 2021 the City had invested \$17,446,000, (net of accumulated depreciation), in a broad range of capital assets, including equipment, vehicles, streets, buildings, park facilities, and water and wastewater systems. This amount represents a net decrease of \$920,000 for FY 21, which is caused primarily by depreciation in excess of new additions.

Governmental activities' capital asset additions included \$510,000 of construction in progress, \$119,000 of equipment; and \$25,000 in structures improvement. Depreciation on governmental activities' assets was \$933,000. Governmental activities capital assets, net of depreciation, decreased by \$391,000 for the year reported. Business-type activities' capital asset, net of depreciation of reported at \$6,846,000 at June 30, 2021, a decrease of \$544,000 from the prior year. Table A-4 provides a recap of capital asset activity. Please see the notes to the financial statements for detail on the changes of capital assets, (Note 5 – A).

CITY OF SEBASTOPOL
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2021
(Rounded to the nearest \$1,000)

Changes in Long-term Liabilities – Debt:

For the year reported, general activities' long-term liability transactions include a lease refunding that added a capital lease obligation of \$421,000 and the deletion of \$487,000 in lease obligations. Other long term debt transactions involve the normal reduction in the obligations from annual payments of \$185,000.

Business type long term debt transactions consist of a new capital lease obligation of \$606,000 that was used to retire \$673,000 in lease obligations; and the addition of a loan for \$1,019,000 and was used to retire a loan an installment sales agreement of \$984,000. Detailed information about the City's long-term obligations can be found in the "Notes to the Basic Financial Statements" under section 6 – A.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES:

The City is continuing to experience the impacts of the Covid-19 pandemic that began at the end of March 2020 when sheltering in place orders went into effect. The City continues to prepare conservative budgets in order to protect the resources needed for financial stability and remain responsive to changing needs as revenues fluctuate. The City regularly reviews its revenues and expenditures to keep a pulse on its current fiscal health and ensure the adequate protection of the City's financial resources.

The FY 21-22 budget was conservative in response to the unknown impact of Covid-19. Capital and other operational expenditures that could be delayed were not approved in the budget, and will be reconsidered when more is known about the magnitude and length to the pandemic's impact on City revenues. If the regional economic recovery from the pandemic is delayed, or not robust, the City may be forced to make baseline service reductions.

For the 2022 fiscal year, (starts July 1, 2021 and ends June 30, 2022) the following budgetary highlights are noted:

- Projected general fund revenue and transfers in of \$10,114,000 less appropriations for expenditures and transfers out of \$11,167,000 create a general fund use of fund balance of \$1,053,000 for FY 21-22. The baseline operating budget uses conservative estimates of revenue. The adopted budget's general fund unassigned balance is estimated to be \$582,000 at June 30, 2022. The unassigned fund balance covers 5.2% of budget expenditures, which is below the policy benchmark of 15%.
- Water Fund: The unrestricted net position in the water fund is expected to decrease by \$450,000 during the FY 21-22 budget year; and is estimated to be \$1,402,000 at June 30, 2022. This unrestricted net position represents 49% of annual budget expenditures, and exceeds the policy benchmark of 25%.
- Wastewater Fund: The unrestricted net position in the wastewater fund is expected to decrease by \$672,000 during the FY 21-22 budget year; and is estimated to be \$649,000 at June 30, 2022. This unrestricted net position represents 16% of annual budget expenditures, and exceeds the policy benchmark of 25%.

City of Sebastopol
Reconciliation of the Governmental Funds Balance Sheet
to the Government-Wide Statement of Net Position
June 30, 2021

Total Fund Balances - Total Governmental Funds **\$ 11,672,292**

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities were not current financial resources. Therefore, they were not reported in the Governmental Funds Balance Sheet. Except for the internal service funds reported below, the capital assets were adjusted as follows:

Non-depreciable	\$ 2,953,924
Depreciable, net	7,640,190
Total capital assets	10,594,114

Unavailable revenue recorded in the fund financial statements resulting from activities in which revenues were earned but funds were not available are reclassified as revenues in the Government-Wide Financial Statements. 269,989

Interest payable on long-term debt did not require current financial resources. Therefore, interest payable was not reported as a liability in the Governmental Funds Balance Sheet. (9,145)

Internal service funds were used by management to charge the costs of certain activities, such as employee benefits, to individual funds. The assets and liabilities of the Internal service funds were included in governmental activities in the Government-Wide Statement of Net Position. 1,051

In the Government-Wide Financial Statements, employer contributions made for pension and OPEB subsequent to the measurement date, certain differences between actuarial amounts and actual results for pension are deferred and are applied to the net pension and OPEB liabilities or amortized in future periods, however these items do not impact the Governmental Funds Balance Sheet:

Deferred outflows of resources - pension	2,456,573
Deferred outflows of resources - OPEB	235,175
Deferred inflows of resources - pension	(142,840)
Deferred inflows of resources - OPEB	(489,728)

Long-term liabilities were not due and payable in the current period. Therefore, they were not reported in the Governmental Funds Balance Sheet.

Compensated absences - due within one year	(700,000)
Long term debt - due within one year	(224,362)
Compensated absences - due in more than one year	(308,001)
Long term debt - due in more than one year	(1,014,277)
Net OPEB liability	(2,730,476)
Net pension liability	(11,429,146)
Total long-term liabilities	(16,406,262)

City of Sebastopol

Reconciliation of the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances to the Government-Wide Statement of Activities For the year ended June 30, 2021

Net Change in Fund Balances - Total Governmental Funds	\$ (578,843)
---	---------------------

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds reported capital outlay as expenditures. However, in the Government-Wide Statement of Activities, the cost of those assets was allocated over their estimated useful lives as depreciation expense. This was the amount of capital assets recorded in the current period.	673,464
Depreciation expense on capital assets was reported in the Government-Wide Statement of Activities, but they did not require the use of current financial resources. Therefore, depreciation expense was not reported as expenditures in the governmental funds.	(933,702)
In the Government-Wide Statement of Activities, only the gain or (loss) on the sale of capital assets is reported, whereas in the governmental funds, proceeds from sales increases financial resources. This amount represents the difference between proceeds and the loss on disposal of capital assets.	(130,874)
Employer contributions for pension and OPEB paid after the measurement date were recorded as expenditures in the governmental funds. However, in the Government-Wide Financial Statements these contributions are deferred.	1,483,623
OPEB expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.	(50,306)
Long-term debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of principal is an expenditure in the governmental funds, but the repayment reduced long-term liabilities in the statement of net position.	
- Proceeds from long-term liabilities	(420,626)
- Principal repayments on long-term liabilities	275,351
- Payment to escrow agent	397,030
Accruals of compensated absences are not recognized as expenditures in the governmental funds, as they do not require the use of current financial resources. Instead, governmental funds report the usage of accumulated compensated absences as expenditures. This amount represents the change in compensated absence leave balances during the year.	(42,504)
Revenues that are not considered to be available are reported as unavailable revenues in the governmental funds, however, these amounts are recognized in the Government-Wide Statement of Activities. This amount represents the change in unavailable revenues.	(33,404)
Pension expense is recorded as incurred in the Government-Wide Statement of Activities, however pension expense does not required the use of current financial resources, and is not recognized in the governmental funds.	(1,768,340)

NOTES TO BASIC FINANCIAL STATEMENTS

This page intentionally left blank

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the City of Sebastopol, California, (City) have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applied to governmental agencies. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

A. Financial Reporting Entity

The City of Sebastopol is a municipal corporation governed by an elected five member City Council. The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. The City of Sebastopol has no component units.

B. Basis of Accounting and Measurement Focus

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity with its own self-balancing set of accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues and expenditures or expenses. These funds are established for the purpose of carrying out specific activities or certain objectives in accordance with specific regulations, restrictions or limitations. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Government-Wide Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely, to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The Government-Wide Financial Statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the Proprietary Fund Financial Statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental Fund Financial Statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales taxes, other taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. The City reports the following major governmental funds:

The City reports the following major governmental funds:

The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government.

The City reports the following proprietary funds as major:

The Water Fund accounts for the operations of the City's water treatment and distribution system.

The Wastewater Fund accounts for the operations of the City's wastewater treatment and distribution system.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the City's water and wastewater function and other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include (1) charges to customers for services, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation, Continued

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary and internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Fiduciary fund financial statements consist of a Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position. The City reports a private-purpose trust fund. Private-purpose trust fund account for resources of all other trust arrangements in which principal and income benefit individuals, private organizations, or other governments. Fiduciary funds are accounted for using the accrual basis of accounting. A fiduciary fund is used to account for the non-housing successor agency activities of the former redevelopment agency.

D. Cash, Cash Equivalents, and Investments

The City is authorized to invest in the State of California Local Agency Investment Fund, the Sonoma County Treasurer's Pool, U.S. Treasury bonds, bills, and notes, obligations issued by US Government agencies, bankers acceptances, repurchase agreements, certain money market and mutual funds, time deposits and savings and demand accounts. The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Fair Value Measurements - The City categorizes its fair value measurements within the hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted market prices in active markets for identical assets; Level 2 inputs are significant other observable inputs, and level 3 inputs are significant unobservable inputs. The City has no significant separately held investments and its funds are invested primarily in the Sonoma County Treasurer's Investment Pool.

For the purpose of the statement of cash flows, the City considers all pooled cash and investments (consisting of cash and investments and restricted cash and investments) held by the City as cash and cash equivalents because the pool is used essentially as a demand deposit account from the standpoint of the funds. The City also considers all non-pooled cash and investments (consisting of cash with fiscal agent and restricted cash and investments held by fiscal agent) as cash and cash equivalents because investments meet the criteria for cash equivalents defined above.

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

E. *Receivables and Payables*

All trade and property tax receivables are not shown net of an allowance for uncollectable.

Property taxes are levied as of March 1 on property values assessed as of the same date. State statutes provide that the property tax rate be limited generally to one percent of fair value, be levied by only the County, and be shared by applicable jurisdictions. The County of Sonoma collects the taxes and distributes them to taxing jurisdictions on the basis of assessed valuations subject to voter -approved debt. Property taxes are due on November 1 and March 1, and become delinquent on December 10 and April 10. The City receives property taxes pursuant to an arrangement with the County known as the "Teeter Plan". Under the plan, the County assumes responsibility for the collection of delinquent taxes and pays the full allocation to the City. The City recognizes property tax revenues in the fiscal year in which they are due to the City.

F. *Interfund Balances/Internal Balances*

Advances to and advances from other funds represent interfund loans in the fund financial statements. Advances between funds are offset by a non-spendable fund balance classification in the applicable governmental funds to indicate that they are not available financial resources.

All other outstanding balances between funds are reported as due to and due from other funds. These are generally repaid within the following fiscal year.

Any residual balances outstanding between the governmental activities and business-type activities are reported in the Government-Wide Financial Statements as "internal balances."

G. *Inventories and Prepaid Items*

All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when used or consumed. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The City uses the consumption method of accounting for prepaid items.

H. *Capital Assets*

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental-type or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$ 1,000 (\$50,000 for infrastructure type assets) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed.

Donated capital assets are recorded at acquisition value at the date of donation. Under the GASB 34 Implementation Rules, the City is a Phase 3 entity and was not required to record infrastructure assets existing or acquired prior to July 1, 2003 at the date these new financial reporting standards were implemented; and the City has not recorded such assets. The costs of normal maintenance and repairs that do not add to the value of asset or materially extend assets lives are not capitalized.

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

H. Capital Assets, Continued

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of the business-type activities is included as part of the capitalized value of the assets constructed.

Depreciation has been provided on a straight-line basis over the following useful lives:

	Years
Public domain infrastructure	50
Buildings and structures	40
System infrastructure	15-40
Vehicles and equipment	5-15

I. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources until then.

In addition to liabilities, the Statement of Net Position will report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time.

J. Compensated Absences

It is the government policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is a liability for a portion of unpaid accumulated sick leave since the City does have a policy to pay certain amounts when employees separate from service with the City. All vacation pay and applicable sick leave is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements. The General Fund has typically been used to liquidate the liability for compensated absences.

K. Unearned Revenue

In the Government-Wide Financial Statements, unearned revenue is recorded for transactions for which revenues have not been earned. In the Fund Financial Statements, unearned revenue is recorded when transactions have not yet met the revenue recognition criteria based on the modified accrual basis of accounting.

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

L. Long-Term Liabilities

In the Government-Wide Financial Statements and Proprietary Fund Financial Statements, long-term debt and other financed obligations are reported as liabilities in the appropriate activities. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable premium or discount.

In the Fund Financial Statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs are reported as expenditures.

M. Net Position and Fund Equity

Government-Wide Financial Statements

In the Government-Wide Financial Statements, net position is classified in the following categories:

Net Investment in Capital Assets - This amount consists of capital assets net of accumulated depreciation and reduced by outstanding debt that is attributed to the acquisition, construction, or improvement of the assets.

Restricted Net Position - This amount is restricted by external creditors, grantors, contributors, or laws or regulations of other governments.

Unrestricted Net Position - This amount is all net position that does not meet the definition of "net investment in capital assets" or "restricted net position."

Fund Financial Statements

In the Fund Financial Statements, the following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

Nonspendable fund balance - This includes amounts that cannot be spent because they are either not spendable in form or legally or contractually required to remain intact.

Restricted fund balance - This includes amounts with constraints placed on their use by those external to the City, including creditors, grantors, contributors or laws and regulations of other governments. It also includes constraints imposed by law through constitutional provisions or enabling legislation.

Committed fund balance - This includes amounts that can only be used for specific purposes determined by formal action of the City Council and that remain binding unless removed in the same manner. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.

Assigned fund balance - This includes amounts that are constrained by the City's intent to be used for specific purposes. The intent can be established at either the highest level of decision making or by a body or an official designated for that purpose.

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

M. Net Position and Fund Equity, Continued

Unassigned fund balance - This is the residual classification that includes amounts not contained in the other classifications. The General Fund is the only fund that reports a positive unassigned fund balance. In other governmental funds other than the General Fund, if expenditures are incurred for specific purposes exceed the amounts that are restricted, committed, or assigned for those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

The City Council establishes, modifies or rescinds fund balance commitments and assignments by action, which includes passage of a resolution adopting the budget and appropriating revenue for the fiscal year.

N. Net Position and Fund Equity Flow Assumptions

Government-Wide Financial Statements

When an expense is incurred for purposes for which both restricted and unrestricted net position is available, the City's policy is to apply restricted net position first.

Fund Financial Statements

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the City's policy is to apply restricted funds first. Committed, assigned, and unassigned fund balances are considered unrestricted. When an expenditure is incurred, if committed, assigned, or unassigned fund balances are available, the City considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed.

O. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates and assumptions.

P. Pension

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City's California Public Employees' Retirement System (CalPERS) plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Q. Other Post Employment Health Care Benefits (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the City's plan (OPEB Plan) and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis. For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms.

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Q. Other Post Employment Health Care Benefits (OPEB), Continued

Generally accepted accounting principles require that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used:

Valuation Date	June 30, 2019
Measurement Date	June 30, 2020
Measurement Period	July 1, 2019 to June 30, 2020

R. New Accounting Pronouncements

In 2021, the City adopted the new accounting standards to conform to the following Governmental Accounting Standards Board Statements:

- GASB Statement No. 84, *Fiduciary Activities* - The objective of this statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The statement establishes criteria for identifying fiduciary activities of all state and local government. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. There was no impact on net position as a result of implementation of this statement.
- GASB Statement No. 90, *Majority Equity Interest* - The objective of this statement is to improve the consistency and comparability of reporting a government’s majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if the government’s holding of the equity meets the definition of an investment. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special purpose government engaged only in fiduciary activities, a fiduciary fund, or an endowment (including permanent and term endowments) or permanent fund. There was no impact on net position as a result of implementation of this statement.
- GASB Statement No. 93, *Replacement of Interbank Offered Rates* - The objective of this statement is to address the accounting and financial reporting implications that result from the elimination of the London Interbank Offered Rate (LIBOR) that is notably used in most agreements in which variable payments made or received depend on an interbank offered rate (IBOR). As a result of global reference rate reform, LIBOR is expected to cease to exist in its current form at the end of 2021, prompting governments to amend or replace financial instruments for the purpose of replacing LIBOR with other reference rates, by either changing the reference rate or adding or changing fallback provisions related to the reference rate. There was no impact on net position as a result of implementation of this statement.

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

R. New Accounting Pronouncements, Continued

- GASB Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32 – The objectives of this statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans that meet the definition of a pension plan and for benefits provided through those plans. There was no impact on net position as a result of implementation of this statement.

- GASB Statement No. 98, The Annual Comprehensive Financial Report – The objective of this statement is to address references in authoritative literature to the term *comprehensive annual financial report*. There was no impact on net position as a result of implementation of this statement.

2. CASH AND INVESTMENTS

Cash and investments are reported in the accompanying financial statements as follows:

	Government-Wide Statement of Net Position			
	Governmental Activities	Business-Type Activities	Fiduciary Funds	Total
Cash and investments	\$ 11,031,658	\$ 3,850,326	\$ 93,881	\$ 14,975,865
Restricted cash and investments	37,347	830	-	38,177
Total cash and investments	\$ 11,069,005	\$ 3,851,156	\$ 93,881	\$ 15,014,042

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

2. CASH AND INVESTMENTS, Continued

A. Summary of Cash and Investments

Cash and investments as of June 30, 2021 consist of the following:

Deposits:	
Cash on hand	\$ 1,075
Deposits with financial institution	1,258,088
Total cash on hand and deposits	<u>1,259,163</u>
Investments	
County of Sonoma investment pool	9,381,964
Certificates of deposit	2,750,600
Money market	569,539
U.S. Treasury securities	515,995
U.S. government bonds	498,604
Total investments	<u>13,716,702</u>
Total City Treasury	<u>14,975,865</u>
Restricted cash and investments:	
Cash with fiscal agent	38,177
Total restricted cash and investments	<u>38,177</u>
Total cash and investments	<u>\$ 15,014,042</u>

B. Cash Deposits

At June 30, 2021, the carrying amount of the City’s cash and cash equivalents were comprised of the general checking account, which had a book balance of \$1,258,088 and petty cash of \$1,075. The bank balance in the City’s general checking was \$1,674,344, fully insured and collateralized with securities held by the pledging financial institutions in the City’s name as discussed below. The difference between the bank balance and the carrying amount represents outstanding checks and deposits in transit.

The California Government Code requires California banks and savings and loan associations to secure the City’s cash deposits by pledging securities as collateral. This Code states that collateral pledged in this manner shall have the effect of perfecting a security interest in such collateral superior to those of a general creditor. Thus, collateral for cash deposits is considered to be held in the City’s name. The fair value of pledged securities must equal at least 110% of the City’s cash deposits. California law also allows institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the City’s total cash deposits. The City’s cash deposit was fully insured up to \$250,000 by the Federal Deposit Insurance Corporation. The remaining amount was collateralized with securities held by the pledging financial institutions in the City’s name.

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

2. CASH AND INVESTMENTS, Continued

C. Investments

The City is authorized by State statutes to invest in the following:

- * U.S. Treasury and U.S. Agency Issues
- * Certificates of Deposit
- * California Local Agency Investment Fund (LAIF)
- * Government Bonds and Notes
- * Passbook Savings
- * Bankers Acceptances
- * Commercial Paper (Corporations)
- * Medium-Term Corporate Notes
- * Repurchase Agreements
- * Mutual Funds

D. Risk Disclosures

Interest Rate Risk: Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, an investment with a longer maturity date has a greater sensitivity of its fair value to be subject to changes in market interest rates. In accordance with the City's investment policy, exposure to interest rate risk is mitigated by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Cash and investments, including cash with fiscal agents, held in the City by maturity date at June 30, 2021 are shown below:

Investment Type	Fair Value	Investment Maturities (in years)	
		Less than 1 year	More than 1 year less than 5 years
Investments:			
County of Sonoma investment pool	\$ 9,381,964	\$ 9,381,964	\$ -
Certificates of deposit	2,750,600	1,003,363	1,747,237
Money market	569,539	569,539	-
U.S. Treasury securities	515,995	-	515,995
U.S. government bonds	498,604	-	498,604
Total	\$ 13,716,702	\$ 10,954,866	\$ 2,761,836

Credit Risk: Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

2. CASH AND INVESTMENTS, Continued

D. Risk Disclosures, Continued

Presented below is the June 30, 2021 rating which meets the minimum rating required by (where applicable) the California Government Code, the City’s Investment Policy, or debt agreements:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Aaa</u>
Investments:		
U.S. Treasury securities	\$ 515,995	\$ 515,995
U.S. government bonds	<u>498,604</u>	<u>531,527</u>
Total Investment subject to ratings	1,014,599	<u><u>\$ 1,047,522</u></u>
Assets not subject to credit ratings:		
County of Sonoma investment pool	9,381,964	
Certificates of deposit	2,750,600	
Money market	<u>569,539</u>	
Total investments	<u><u>\$ 13,716,702</u></u>	

Concentration of Credit Risk: The investment policy of the City of Sebastopol contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. At June 30, 2021 the City did not have investments (other than in external investment pools) that represented 5% or more of the City’s total investments.

Custodial Credit Risk: Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of failure of the counter party (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the City’s Investment Policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the City). The fair value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits

E. Fair Value of Investments

GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, requires that the City’s investments be carried at fair value instead of cost. If material, the City adjusts the carrying value of its investments to reflect their fair value at each fiscal year-end and the effects of these adjustments are included in income for that fiscal year.

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

2. CASH AND INVESTMENTS, Continued

E. Fair Value of Investments, Continued

Investments (except for money market accounts, time deposits, and commercial paper) are measured at fair value on a recurring basis. Recurring fair value measurements, are those that Governmental Accounting Standards Board (GASB) Statements require or permit in the statement of net position at the end of each reporting period. Fair value measurements are categorized based on the valuation inputs used to measure an asset's fair value. Inputs are assumptions that market participants use when pricing an asset or liability. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs, such as bond valued by a pricing service that uses matrix pricing, three-year option on exchange-traded shares, or valuation multiple; Level 3 inputs are significant unobservable inputs. The City's investment in Sonoma County's investment pool and money market were not subject to the levelling disclosure.

Investment fair value measurements at June 30, 2021 are described below:

Investment Type	Fair Value	Fair Value Measurement Using		
		Level 1	Level 2	Level 3
Certificates of deposit	\$ 2,750,600	\$ -	\$ 2,750,600	\$ -
U.S. Treasury securities	515,995	-	515,995	-
U.S. government bonds	498,604	-	498,604	-
Total investments subject to levelling	3,765,199	\$ -	\$ 3,765,199	\$ -
Assets not subject to fair value levelling:				
Money market	569,539			
County of Sonoma investment pool	9,381,964			
Total investments	\$ 13,716,702			

F. Cash and Investments with Fiscal Agents

Funds deposited with fiscal agents can be held in cash or invested in various securities. The fiscal agents can invest in securities as outlined in trust agreements, provided the investments are within the limits imposed by state statutes. These investments include federal securities, investment agreements, interest-bearing demand or time deposits, commercial paper rated "AA-" or better by Moody's, and money market mutual funds which are rated in the highest category by Moody's. At June 30, 2021, cash and investments with fiscal agents totaled \$38,177.

G. County of Sonoma Investment Pool

The City is a voluntary participant in the County of Sonoma Investment Pool (County Pool) regulated by the County's Investment Policy under the oversight of the Treasury of the County. The County does provide the City with a fair value factor, and the City's fair value of its position in the pool is the same as the value of the pool shares.

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

3. LOANS AND NOTES RECEIVABLE

At June 30, 2021, the City had the following loans and notes receivable:

<u>Party to Loan</u>	<u>Purpose of Loan</u>	<u>Amount</u>
Governmental Activities:		
Individual property owners	Solar power equipment installation loans	\$ 204,989

The \$204,989 solar equipment installation loans are repayable in equal bi-monthly installments over a period of about 33 years by the homeowners, and repayments are made through the City's enterprise utility billing and collection system.

4. INTERFUND TRANSACTIONS

A. Fund Financial Statements

Due To and Due From

At June 30, 2021, the City had the following short-term interfund receivables and payables:

<u>Due to General Fund</u>	<u>Due From Other Funds</u>
Non-major funds	\$ 135,487

Amounts shown as due to and from other funds represent interfund balances that arise in the normal course of operation and are expected to be repaid shortly after the end of the fiscal year.

Interfund Transfers

The composition of interfund transfers for the year ended June 30, 2021 is as follows:

	<u>Transfer In</u>		
	<u>General</u>	<u>Non-Major Govt Funds</u>	<u>Total</u>
<u>Transfer Out</u>			
General Fund	\$ -	\$ 98,247	\$ 98,247
Non-major govtl Funds	79,367	439,910	519,277
Total Governmental	<u>79,367</u>	<u>538,157</u>	<u>617,524</u>
Water	-	31,024	31,024
Total Enterprise	<u>-</u>	<u>31,024</u>	<u>31,024</u>
Total Transfers out	<u>\$ 79,367</u>	<u>\$ 569,181</u>	<u>\$ 648,548</u>

Transfers represent funding of various City operations, funding for capital projects, lease payments or debt service.

Business-type activities depreciation expense for capital assets for the year ended June 30, 2021 was as follows:

Water	\$ 245,066
Wastewater	461,733
Total depreciation expense	\$ 706,799

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

6. LONG-TERM DEBT

A. Governmental Activities

The following is a summary of governmental activity long-term debt transactions during the year ended June 30, 2021:

	Balance July 1, 2020	Additions	Retirements	Balance June 30, 2021	Due Within One Year	Due in More than One Year
Special assessment bonds	\$ 90,000	\$ -	\$ (25,000)	\$ 65,000	\$ 30,000	\$ 35,000
Capital lease-capital projects	486,855	-	(486,855)	-	-	-
Refunding lease 2021 - Truist	-	420,626	-	420,626	42,216	378,410
Capital lease-renewable energy	487,946	-	(97,590)	390,356	97,590	292,766
Capital lease-mobile home park	404,524	-	(48,695)	355,829	47,727	308,102
Capital lease-vactor truck	21,070	-	(14,241)	6,829	6,829	-
Total	\$ 1,490,395	\$ 420,626	\$ (672,381)	\$ 1,238,640	\$ 224,362	\$ 1,014,278

Special Assessment Bonds

The special assessment bonds were issued in an original amount of \$732,475 for the purpose of facilitating improvements to the Woodstone Center. The bonds are secured by assessments levied against property owners within the assessment district and from monies on deposit in a reserve fund. The bonds consist of 4.25 to 6.7 percent serial bonds maturing through September 2, 2023.

The annual debt service requirements on the special assessment bonds are as follows:

Year Ending June 30,	Principal	Interest	Total
2022	\$ 30,000	\$ 3,721	\$ 33,721
2023	35,000	1,941	36,941
Total	\$ 65,000	\$ 5,662	\$70,662

Refunding Lease 2021 - Truist Bank

In the 2006 fiscal year, the city entered into a financing arrangement to obtain \$2,880,000 in funds for future capital projects. The general fund will be responsible for paying debt service on the governmental activities portion of the lease obligation, which is about 41 percent of the total obligation. The water and wastewater enterprises are responsible for paying the other 59 percent of the obligation. In fiscal year 2021, the City entered into a lease agreement with Truist Bank to refund the 2006 lease obligation. The agreement was for \$1,139,952, bears interest at 1.10 percent on the basis of a 360-day year, is repayable in annual installments of \$211,550, and matures in 2026. The difference in debt service requirements between the 2006 lease obligation agreement and the refunding lease agreement was \$75,092 and resulted in an economic gain of \$71,126. The City has pledged the Fire Station as collateral for the refunding lease agreement.

6. LONG-TERM DEBT, Continued

A. Governmental Activities, Continued

Refunding Lease 2021 - Truist Bank, Continued

The annual debt service requirements for governmental activities (41%) are as follows:

Year Ending June 30,	Principal	Interest	Total
2022	\$ 82,362	\$ 4,310	\$ 86,672
2023	83,180	3,492	86,672
2024	84,097	2,575	86,672
2025	85,025	1,647	86,672
2026	85,962	709	86,671
Total	<u>\$ 420,626</u>	<u>\$ 12,733</u>	<u>\$433,359</u>

Other Capital Lease Obligations

Clean Renewable Energy - The City entered into a capital lease arrangement with Municipal Finance Corporation pursuant to approval from the Internal Revenue Service for the issuance of Clean Renewable Energy Bonds in the principal amount of \$2,074,000 for the purpose of obtaining zero interest financing for renewable energy projects of the City. The arrangement provides for the lease of the projects to Municipal Finance Corporation by the City and the sublease of the projects back to the City by Municipal Finance Corporation in exchange for the rental payments by the City. The City's lease payments to Municipal Finance Corporation are payable from any source of legally available funds.

Mobile Home Park - The City also entered into a similar lease financing arrangement with the Municipal Finance Corporation for the purpose of obtaining partial financing for the purchase of an existing mobile home park as part of an open space program of the City. The capital lease was for \$817,500 and it also is payable from any source of legally available funds.

Vactor Truck - The City entered into a capital lease arrangement with Holman Capital Corporation for the purpose of financing the acquisition of a sewer cleaning truck in the original lease amount of \$265,000. The lease is payable annual payments \$28,167 through 2022 and bears interest at 2.25 percent.

Refunding Loan 2021 – Truist Bank

The City in fiscal 2015 entered into an installment sale agreement with Municipal Finance Corporation for obtaining financing to assist in the removal of arsenic from water well seven and its treatment system. The agreement was for \$1,200,000, bears interest at 4.10 percent on the basis of a 360 day year, is repayable in annual installments of \$89,082, and matures in 20 years. The installment agreement was a special obligation of the City repayable solely from the net revenues of its water system; and the City pledged its water system net revenues for this purpose and for any other parity obligations.

Refunding Loan 2021 – Truist Bank, Continued

In fiscal year 2021, the City entered into a loan agreement with Truist Bank to refund the installment sale agreement. The agreement was for \$1,019,462, bears interest at 2.09 percent on the basis of a 360-day year, is repayable in annual installments of \$83,955, and matures in 2035. The loan agreement is a special obligation of the City repayable solely from the net revenues of its water system, and the City pledged its water system net revenues for this purpose and for any other parity obligations. The difference in debt service requirements between the installment sale agreement and the loan agreement was \$71,782 and resulted in an economic gain of \$67,445.

The loan agreement includes the following financial debt covenants:

Covenant Regarding Gross Revenues: The City shall collect rates, fees, and charges for services furnished by the Water Fund during each fiscal year to pay all maintenance and operation costs, loan repayments, and all principal and interest on any parity obligations, which are payable from net revenues, and all payments required to meet any other obligations of the City.

Covenant Regarding Net Revenues: The City shall collect rates, fees, and charges for services furnished by the Water Fund during each fiscal year, which are sufficient to yield net revenues equal to 120% of the loan repayments and any parity obligations which are payable from the net revenues.

Gross revenues, net revenues, and total debt service for the Water Fund were \$2,613,289, \$485,536, and \$192,484 respectively for fiscal year 2021. Net revenues were equal 252% of total debt service for the Water Fund for fiscal year 2021.

The annual debt service requirements for the installment sale agreement are as follows:

Year Ending June 30,	Principal	Interest	Total
2022	\$ 63,728	\$ 20,227	\$ 83,955
2023	64,655	19,300	83,955

Refunding Lease 2021 - Truist Bank

In the 2006 fiscal year, the city entered into a financing arrangement to obtain \$2,880,000 in funds for future capital projects. The general fund was responsible for paying debt service on the governmental activities portion of the lease obligation, which is about 41 percent of the total obligation. The water and wastewater enterprises was responsible for paying the other 59 percent of the obligation.

In fiscal year 2021, the City entered into a lease agreement with Truist Bank to refund the 2006 lease obligation. The agreement was for \$1,139,952, bears interest at 1.10 percent on the basis of a 360-day year, is repayable in annual installments of \$211,550, and matures in 2026. The difference in debt service requirements between the 2006 lease obligation agreement and the refunding lease agreement was \$75,092 and resulted in an economic gain of \$71,126. The City has pledged the Fire Station as collateral for the refunding lease agreement. No deferred loss on refunding was reported as a result of the transaction, because the amount recognized was deemed to be trivial to the financial statements.

The annual debt service requirements for business-type activities (59%) are as follows:

Year Ending June 30,	Principal	Interest	Total
2022	\$ 118,667	\$ 6,211	\$ 124,878
2023	119,846	5,032	124,878
2024	121,168	3,709	124,877

2026	123,856	1,022	124,878
Total	<u>\$ 606,042</u>	<u>\$ 18,347</u>	<u>\$624,389</u>

Vactor Truck - The City entered into a capital lease arrangement with Holman Capital Corporation for the purpose of financing the acquisition of a sewer cleaning truck in the original lease amount of \$265,000. The lease is payable annual payments \$28,167 through 2022 and bears interest at 2.25 percent.

As of June 30, 2021, future minimum lease payments under these capital leases are as follows:

Year Ending June 30,	Vactor Truck Lease
2022	\$ 21,500
Total minimum lease payments	21,500
Less amounts representing interest	<u>(162)</u>
Present value of net minimum lease payments	<u>\$ 21,338</u>

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

7. COMPENSATED ABSENCES

It is the City’s policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is a liability for a portion of unpaid accumulated sick leave since the City does have a policy to pay certain amounts when employees separate from service with the City.

A summary of changes in compensated absences for the year ended June 30, 2021 is as follows:

	Balance July 1, 2020	Additions	Retirements	Balance June 30, 2021	Due Within One Year	Due in More than One Year
Governmental activities	\$ 965,497	\$ 740,824	\$ (698,320)	\$ 1,008,001	\$ 700,000	\$ 308,001
Business-type activities	50,816	38,990	(36,753)	53,053	4,000	49,053
Total	\$ 1,016,313	\$ 779,814	\$ (735,073)	\$ 1,061,054	\$ 704,000	\$ 357,054

8. OTHER FUND DISCLOSURES

A. Deficit Balances

At June 30, 2021, the funds below had the following deficit fund balance or net position. The deficit balance is caused by expenditures reported in the current year that will be reimbursed in subsequent years.

Non-major governmental Funds:	
General Capital Project	\$ 6,926

9. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the City carries insurance. The City, due to the costs of available coverage, participates as a member of the Redwood Empire Municipal Insurance Fund (REMIF). REMIF provides joint protection programs for public entities covering automobile, general liability, errors and omissions, property and workers compensation claims. Under the program, the City has a \$5,000 retention limit similar to a deductible with the REMIF being responsible for losses above that amount up to \$500,000 for liability losses, \$1,000,000 for workers compensation claims, and \$25,000 for property damage. The Fund carries purchased excess commercial liability insurance of \$39.5 million in excess of its \$500,000 limit, and a commercial property policy for \$300 million. Financial information pertaining to REMIF can be obtained from its administrative offices at 414 W. Napa Street, Sonoma, California 95476.

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

9. RISK MANAGEMENT, Continued

Liabilities of the City are reported in the statement of net position when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines, and damage awards. Accordingly, claims are reevaluated periodically to consider the effects of inflation, recent claim settlement trends (including frequency and amount of pay-outs), and other economic and social factors. The City's only exposure to claim liabilities would be for losses, if any, not covered by REMIF.

There have been no significant changes in insurance coverages in fiscal 2021. Settlements have not exceeded coverage for each of the past three fiscal years. The City has no significant uninsured claim liabilities at June 30, 2021.

Subsequent to the end of the year, REMIF merged with California Intergovernmental Risk Authority Joint Powers Authority (CIRA).

10. PENSION PLANS

A. Plan Description

All qualified permanent and probationary employees are eligible to participate in the Public Agency Cost-Sharing Multiple-Employer Defined Benefit Pension Plan (Plan) administered by the California Public Employees' Retirement System (CalPERS). The Plan consists of individual rate plans (benefit tiers) within a safety risk pool (police and fire) and a miscellaneous risk pool (all other.) Plan assets may be used to pay benefits for any employer rate plan of the safety and miscellaneous risk pools. Accordingly, rate plans within the safety or miscellaneous pools are not separate plans under GASB Statement No. 68. Individual employers may sponsor more than one rate plan in the miscellaneous or safety risk pools. The City sponsors two miscellaneous rate plans and four safety rate plans. Benefit provisions under the Plan are established by State statute and City resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

B. Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 55 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employee's Retirement Law.

Required unfunded liability payment	\$ 553,405	\$ -	\$ 3,336

Contributions - Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an actuarial basis, annually and is effective on July 1 following notice of a change in the rate. Funding contributions for the Plan are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The General Fund has typically been used to liquidate pension liabilities for governmental funds.

The City's contributions to the Plan for the measurement period ended June 30, 2020 were \$1,530,553. The City's contributions to the Plan for the fiscal year ended June 30, 2021 were \$1,686,413.

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

10. PENSION PLANS, Continued

C. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2021, the City reported a net pension liability for its proportionate share of the net pension liability of the Plan of \$13,864,877.

The City's net pension liability for the Plan is measured as the proportionate share of the total net pension liability of the Plan. The net pension liability of the Plan is measured as of June 30, 2020, and the total pension liability for the Plan used to calculate the net pension liability was determined by actuarial valuations as of June 30, 2019 rolled forward to June 30, 2020 using standard update procedures. The City's proportionate share of the net pension liability was based on the City's plan liability and asset-related information where available, and proportional allocations of individual plan amounts as of the valuation date where not available.

The City's proportionate share of the net pension liability for each Plan as of measurement dates June 30, 2019 and 2020 were as follows:

Proportion - June 30, 2019	0.12714%
Proportion - June 30, 2020	0.12743%
Change - Increase (Decrease)	<u>0.00029%</u>

For the year ended June 30, 2021, the City recognized pension expense of \$2,170,386. At June 30, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 1,686,413	\$ -
Changes of assumptions	-	69,925
Differences between expected and actual experience	912,693	-
Changes in employer's proportion	40,423	50,432
Differences between the employer's contribution and the employer's proportionate share of contributions	-	105,553
Net differences between projected and actual earnings on plan investments	<u>351,133</u>	<u>-</u>
Total	<u>\$ 2,990,662</u>	<u>\$ 225,910</u>

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

10. PENSION PLANS, Continued

C. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions, Continued

\$1,686,413 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Fiscal Year	
<u>Ending June 30:</u>	
2022	\$ 165,409
2023	421,820
2024	319,149
2025	171,961

Actuarial Assumptions - The total pension liability in the June 30, 2019 actuarial valuations were determined using the following actuarial assumptions:

Valuation Date	June 30, 2019
Measurement Date	June 30, 2020
Actuarial Cost Method	Entry-Age Normal Cost Method
Actuarial Assumptions:	
Discount Rate	7.15%
Inflation	2.50%
Projected Salary Increase	Varies by entry age and service
Investment Rate of Return ⁽¹⁾	7.15%
Mortality	Derived by CalPERS membership data for all funds

⁽¹⁾ Net of pension plan investment expenses.

The mortality table used was developed based on CalPERS-specific data. The table includes 15 years of mortality improvements using Society of Actuaries Scale 90% of scale MP 2016. Further details of the December 2017 Experience Study can be found on the CalPERS website www.calpers.ca.gov.

Discount Rate - The discount rate used to measure the total pension liability was 7.15% for the Plan. To determine whether the municipal bond rate should be used in the calculation of a discount rate for the Plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 7.15 percent discount rate is adequate and the use of the municipal bond rate calculation is not necessary. The long term expected discount rate of 7.15 percent will be applied to all plans in the Public Employees Retirement Fund (PERF). The stress test results are presented in a detailed report that can be obtained from the CalPERS website.

City of Sebastopol
Notes to Basic Financial Statements

10. PENSION PLANS, Continued

C. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions, Continued

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

Asset Class	New Strategic Allocation	Real Return Years 1 - 10 ^(a)	Real Return Years 11+ ^(b)
Global Equity	50.00%	4.80%	5.98%
Global Fixed Income	28.00%	1.00%	2.62%
Inflation Sensitive	0.00%	0.77%	1.81%
Private Equity	8.00%	6.30%	7.23%
Real Estate	13.00%	3.75%	4.93%
Liquidity	1.00%	0.00%	-0.92%
Total	100.00%		

^(a) An expected inflation of 2.0% used for this period.

^(b) An expected inflation of 2.92% used for this period.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents the City’s proportionate share of the net pension liability for the Plan, calculated using the discount rate for the Plan, as well as what the City’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

1% Decrease	6.15%
Net Pension Liability	\$ 20,270,322
Current Discount Rate	7.15%
Net Pension Liability	\$ 13,864,877
1% Increase	8.15%
Net Pension Liability	\$ 8,590,233

Pension Plan Fiduciary Net Position - Detailed information about each pension plan’s fiduciary net position is available in the separately issued CalPERS financial reports.

Payable to the Pension Plan

At June 30, 2021, the City reported no payable for outstanding amount of contributions to the pension plan required for the year ended June 30, 2021.

11. OTHER POSTEMPLOYMENT HEALTH CARE BENEFITS

A. Plan Description

The City administers the City's retired employees' healthcare plan, a single employer defined benefit health care plan. The plan provides medical benefits to eligible retired employees and their beneficiaries. City resolutions and agreements assign the authority to establish and amend benefit provisions to the City. A separate OPEB trust account has not been established by the City for the Plan.

B. Employees Covered

As of the June 30, 2019 actuarial valuation, the following current and former employees were covered by the benefit terms under the Retiree Health Plan:

Active employees	19
Inactive employees or beneficiaries currently receiving benefits	<u>30</u>
Total	<u>49</u>

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

C. Contribution

The contribution requirements of plan members and the City are established and may be amended by the City. The required contribution is based on a projected pay-as-you-go financing requirements, with additional amounts to prefund benefits determined annually by the City Council. For the measurement period ended June 30, 2020, the City contributed \$97,430 of current year premiums (100% of total premiums) and zero to prefund benefits. Plan members receiving benefits contributed no amounts to the total premiums. The General Fund has typically been used to liquidate OPEB liabilities for governmental funds.

D. Total OPEB Liability

The City’s total OPEB liability was measured as of June 30, 2020 and was determined by an actuarial valuation dated June 30, 2019 actuarial methods and assumptions:

Valuation Date	June 30, 2019
Measurement Date	June 30, 2020
Actuarial Cost Method	Entry-Age Normal Cost Method
Discount Rate	2.66%
Inflation	2.75%
Salary Increases	3.00%
Mortality ⁽¹⁾	Derived by CalPERS membership data for all funds
Healthcare cost trend rates:	5.00%

(1) Pre-retirement mortality information was derived from data collected during 1997 to 2015 CalPERS Experience Study dated December 2017 and post-retirement mortality information was derived from the 2007 to 2015 CalPERS Experience Study. The Experience Study Reports may be accessed on the CalPERS website www.calpers.ca.gov under Forms and Publications.

E. Change of Assumption

The discount rate used to measure the total OPEB liability was changed from 2.79% to 2.66% for measurement date June 30, 2020.

F. Discount Rate

The discount rate used to measure the total OPEB liability was 2.66%. The City’s OPEB Plan is an unfunded plan, therefore the discount rate was set to the rate of tax-exempt, high quality 20-year municipal bonds, as of the valuation date.

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

11. OTHER POSTEMPLOYMENT HEALTH CARE BENEFITS, Continued

G. Changes in the Total OPEB Liability

The changes in the total OPEB liability for the OPEB Plan are as follows:

	Total OPEB Liability
Balance at June 30, 2019	<u>\$ 2,682,363</u>
Changes in the year:	
Service cost	27,295
Interest on the total OPEB liability	73,479
Differences between actual and expected experience	-
Changes in assumptions	44,769
Benefits paid to retirees	<u>(97,430)</u>
Net changes	<u>48,113</u>
Balance at June 30, 2020	<u><u>\$ 2,730,476</u></u>

H. Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the City if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate, for measurement period ended June 30, 2020:

1% Decrease - 1.66%	
Total OPEB liability	\$ 3,117,252
Current Discount Rate - 2.66%	
Total OPEB liability	\$ 2,730,476
1% Increase - 3.66%	
Total OPEB liability	\$ 2,413,559

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

11. OTHER POSTEMPLOYMENT HEALTH CARE BENEFITS, Continued

I. Sensitivity of the Total OPEB Liability to Changes in the Health Care Cost Trend Rates

The following presents the total OPEB liability of the City if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rate, for measurement period ended June 30, 2020:

1% Decrease - 4%	
Total OPEB liability	\$ 2,616,336
Current Rate - 5%	
Total OPEB liability	\$ 2,730,476
1% Increase - 6%	
Total OPEB liability	\$ 2,867,626

J. OPEB Expense and Deferred Outflows/(Inflows) of Resources Related to OPEB

For the fiscal year ended June 30, 2021, the City recognized OPEB expense of \$50,306. For the fiscal year ended June 30, 2021, the City reported deferred outflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
	<u> </u>	<u> </u>
OPEB contributions subsequent to measurement date	\$ 102,849	\$ -
Differences between expected and actual experience	-	388,693
Changes of assumptions	<u>132,326</u>	<u>101,035</u>
Total	<u>\$ 235,175</u>	<u>\$ 489,728</u>

The \$102,849 reported as deferred outflows of resources related to contributions subsequent to the June 30, 2020 measurement date will be recognized as a reduction of the Total OPEB liability during the fiscal year ending June 30, 2022. Other amounts reported as deferred outflows and deferred inflows of resources related to OPEB will be recognized as expense as follows:

Fiscal Year Ending June 30:	
<u> </u>	
2022	\$ (42,108)
2023	(42,108)
2024	(48,503)
2025	(54,899)
2026	(54,899)
Thereafter	(114,885)

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

12. JOINTLY GOVERNED ORGANIZATIONS AND OPERATING AGREEMENTS

Jointly governed organizations are legal entities or other organizations that result from a contractual arrangement and that are owned, operated, or governed by two or more participants as a separate and specific activity subject to joint control in which the participants retain an ongoing financial interest or ongoing financial responsibility. The City is a participant in the following organizations other than the insurance authority described in the preceding notes. The City is a party to the following agreement:

Santa Rosa Subregional Wastewater System - The City has an agreement with System for the treatment of wastewater as the City does not own or operate its own wastewater treatment plant. The City's obligations under the agreement are to pay to the System its share of the costs of operating the system and treatment of wastewater. The City records these payments as operating expenses in its wastewater enterprise fund.

13. SUCCESSOR AGENCY TRUST FOR ASSETS OF THE FORMER REDEVELOPMENT AGENCY

On December 29, 2011, the California Supreme Court upheld Assembly Bill 1X26 (the Bill) that provides for the dissolution of all redevelopment agencies in the State of California. This action impacted the financial reporting entity of the City of Sebastopol that previously reported a redevelopment agency within the financial reporting entity of the City as a blended component unit. The bill provides that upon dissolution of the redevelopment agency, either the City or another unit of government will agree to serve as the successor agency to hold assets until they are distributed to other units of State and Local government. The City Council of the City of Sebastopol elected to have the City become the Successor Agency for the former redevelopment agency non-housing activities and elected to not be the Successor Agency for housing activities of the former agency. Accordingly, all housing related assets and liabilities of the former agency were, effective February 1, 2012, transferred by operation of law to the County of Sonoma.

After enactment of the law, which occurred on June 28, 2011, redevelopment agencies in the State of California cannot enter into new projects, obligations or commitments. Subject to the control of a newly established oversight Board, remaining assets can only be used to pay enforceable obligations in existence at the date of dissolution (including the completion of any unfinished projects that were subject to legally enforceable contractual commitments).

In future years, successor agencies will only be allocated revenues in the amount that is necessary to pay annual estimated installment payments on enforceable obligations of the former redevelopment agency until all enforceable obligations of the former agency have been paid in full and all assets have been liquidated. The Bill directs the State Controller of the State of California to review the propriety of any transfers of assets between the redevelopment agencies and other public bodies that occurred after January 1, 2011. If the public body that received such transfers is not contractually committed to a third party for the encumbrance or expenditure of those assets, the State Controller is required to order the available assets to be transferred to the public body designated as the successor agency by the Bill. Prior to that date, the final seven months of the financial activity of the redevelopment agency continued to be reported in the governmental fund types of the City of Sebastopol. After the date of dissolution, the assets and financial activities of the dissolved redevelopment agency (except for those of the former agency's housing activities that were transferred to the County) are reported in a fiduciary fund (the private-purpose trust fund) in the financial statements of the City of Sebastopol.

City of Sebastopol
Notes to Basic Financial Statements
For the year ended June 30, 2021

13. SUCCESSOR AGENCY TRUST FOR ASSETS OF THE FORMER REDEVELOPMENT AGENCY,
Continued

The assets and liabilities of the private purpose trust are excluded from the government wide statement of net position of the City and the Statement of Activities of the City because fiduciary fund assets are not available in any fashion for use by the City of Sebastopol.

A. Long-Term Obligations

Changes in the bonds during the year ended June 30, 2021 were as follows:

	Balance <u>July 1, 2020</u>	<u>Additions</u>	<u>Retirements</u>	Balance <u>June 30, 2021</u>	Due Within <u>One Year</u>	Due in More than <u>One Year</u>
Tax allocation refunding bonds	\$ 415,000	\$ -	\$(415,000)	\$ -	\$ -	\$ -

Tax Allocation Refunding Bonds 2007 Series - Original Issue

On November 6, 2007, The City's former Development Agency issued \$4,575,000 in subordinate tax allocation bonds, series 2007 to advance refund and retire the Agency's 1997 bond issues. The tax allocation bonds consist of \$4,575,000 in serial bonds bearing interest at rates from 3.3 percent to 4.0 percent. The bonds were secured by a pledge of the former Agency's tax increment revenues, and were fully paid off as of June 30, 2021.

14. SUBSEQUENT EVENTS

Dissolution of Successor Agency Private Purpose Trust Fund: Subsequent to the end of the year, the City received approval from the State of California Department of Finance to dissolve the City of Sebastopol Successor Agency (Agency).

Lease Purchase Agreement - Energy Efficiency Project: Subsequent to the end of the year, the City entered into a tax exempt lease purchase agreement with Signature Public Funding Corporation for financing energy efficiency and water conservation measures, design services, and acquisition of new roof and solar PV measures at the City library. Financing is for \$4,988,230, to be repaid over a 15 year period.

15. EXTRAORDINARY ITEM - THEFT OF INVESTMENT FUNDS

The City of Sebastopol is a participant in the County of Sonoma Pooled Investment fund. During the year reported, the County of Sonoma Treasurer paid \$1,200,000 from the City's accounts based on a fraudulent instruction received by the County.

The City and County are still collecting information about the theft and potential financial resolution. Due to the uncertainty of the amount of potential financial recovery, and timing, the entire \$1,200,000 is reported as an extraordinary loss. The loss is allocated to governmental activities and business-type activities based on their respective weight in cash balances.

Required Supplementary Information
For the year ended June 30, 2021

1. BUDGETS AND BUDGETARY ACCOUNTING

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all government funds. Appropriations lapse at fiscal year-end. The appropriated budget is prepared by fund, function and department. The City manager may make transfers of appropriations within a department. Transfers between departments and other changes require City Council approval. The legal level of control is the department and fund level. The Council made supplemental appropriations during the fiscal year. Encumbrance accounting is not employed in governmental funds.

The following are the budget comparison schedule for the General Fund

Benefits paid to retirees	(97,430)	(99,403)	(87,182)	(71,368)
Net changes	48,113	(370,158)	116,119	(99,585)
Total OPEB Liability beginning of the year	2,682,363	3,052,521	2,936,402	3,035,987
Total OPEB Liability end of the year	\$ 2,730,476	\$ 2,682,363	\$ 3,052,521	\$ 2,936,402
Covered-employee payroll	\$ 4,272,937	\$ 4,137,211	\$ 3,956,662	\$ 3,982,276
City's total OPEB liability as a percentage of covered-employee payroll	63.90%	64.84%	77.15%	73.74%

Notes to Schedule

* Historical information is required only for measurement periods for which GASB 75 is applicable.

Fiduciary Net Position - There are currently no assets accumulated in a trust that meets the criteria of GASB codification P22.101 or P52.101 to pay related benefits for the OPEB plan.

Changes of assumptions:

2020 - Discount rate was changed to 2.66%.

2019 - Discount rate was changed to 2.79%. Mortality rates were updated based on CalPERS 2015 Experience Study.

2018 - Discount rate was changed to 2.98%.

SUPPLEMENTARY INFORMATION

NON-MAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Police Grant Fund accounts for accounts for the revenues and expenditures of State and Federal grants such as State SLESF (Supplemental Law Enforcement Services Fund).

Gas Tax Fund accounts for funds from the State of California under the Street and Highway Code Sections 2103, 2105, 2106, 2107 and 2107.5. The use of funds is restricted to street related projects, which can include related public facilities for non-motorized traffic, e.g. bike and pedestrian paths.

Park in Lieu receives revenue from new residential and hotel development, to mitigate the impact of such new development on City park and recreation facilities. The use of revenues from the Fund is restricted to park and recreation capital improvements.

Traffic Impact was established to reduce the traffic impacts caused by new development within the City limits and certain public improvements (transportation system infrastructure) and revenue collected from these fees shall be used solely to pay for the City's future construction of facilities or services or reimburse the City for facilities constructed by the City with funds advanced by the City from other sources.

Street Lighting Assessment is established to receive special assessment district monies used for maintenance and or servicing of existing and future public lighting facilities, and the installation or construction of public lighting for the maintenance of servicing thereof, including grading, clearing, removal of debris, the installation of curbs and gutters, walls, sidewalks or paving or water, irrigation, drainage or electrical facilities.

Asset Forfeiture is used for specified police activities (excluding regular salary) from confiscated assets of convicted drug felons.

Downtown Association is used to account for revenues and expenditures for the Downtown Association District.

Art in Lieu accounts for developer contributions in lieu of installation of public art on project sites and income received from art programs and events to fund public artwork, cultural programs, maintenance/conservation, and administrative costs relating to the Art in Public Places Program.

Measure M receives funding from the County for construction of eligible transportation projects that improve the quality of roads, sidewalks and bike lanes.

Housing General Plan identifies the City's housing conditions and needs, establishes the goals, objectives, and policies that are the foundation of the City's housing and growth strategy.

Street Reserve accounts for the tax reserved for local streets and roads.

Vehicle Abatement accounts for monies for inspection, mark, or tow the vehicles that appear to be abandoned, non-operable, or not registered.

NON-MAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS, CONTINUED

Inclusionary and Linkage Housing accounts for revenue receives from fee payment to be used for the exclusive purpose of providing housing affordable to low and moderate income households in the City for construction of three or more new dwelling units, or for the division or subdivision of land into three or more lots for residential use.

Building Permit Incremental Fund accounts for revenue receives from construction inspection and plan checks to fund training, certification exams and courses.

Community Development Block Grant accounts for revenue and expenditures of CDBG funds awarded by the Department of Housing and Urban Development.

BSCC 1:4:1 Youth Fund accounts for monies for the Youth Offender Block Grant.

SB1 Road and Maintenance Fund accounts for revenue and expenditures of SB1 monies.

CAPITAL PROJECTS FUNDS

General Capital Projects Fund accounts for financial resources to be used for the acquisition or construction of major capital facilities.

Undergrounding is an in-lieu fee paid by development projects, where the City Engineer has determined physical undergrounding of overhead utilities is not practical. The Fund is used for general City utility undergrounding projects.

DEBT SERVICE FUNDS

Woodstone Assessment District is the bonds which were issued to finance construction including street improvements, drainage, streets lights and signalization to the Fairfield Inn (formerly Holiday Inn), and acquisition of certain public improvements specically benefitting properties located within the boundaries of City Assesment District 1992-1 (Woodstone Center).

Clean Renewable Energy Bonds is used for projects include solar panels to generate electricity at the City Hall/Library complex, the Police station and at the sewer lift station, and funds to implement projects for pedestrian safety contained in the Street Smart Study.

¹ Article XIII A, added to the California Constitution by Proposition 13 in 1978, fixed the base for valuation of property subject to taxes at the full cash value as it appeared on the Assessor's 1975-76 assessment roll. Thereafter, full cash value can be increased to reflect:

- a) annual inflation up to 2 percent
- b) current market value at time of ownership change;
- c) market value for new construction

Note: Estimated actual value of taxable property cannot easily be determined as the property in the City is not reassessed annually. Reassessment normally occurs when ownership changes.

Voter Approved City Debt Rate										
Redevelopment Rate ⁴	1.01250									

Note:

¹ In 1978, California voters passed Proposition 13 which set the property tax rate at a 1.00% fixed amount. This 1.00% is shared by all taxing agencies for which the subject property resides within. In addition to the 1.00% fixed amount, property owners are charged taxes as a percentage of assessed property values for the payment of any voter approved bonds.

² Overlapping rates are those of local and county governments that apply to property owners within the City. Not all overlapping rates apply to all city property owners.

³ City's Share of 1% Levy is based on the City's share of the general fund tax rate area with the largest net taxable value within the City. ERAF general fund tax shifts may not be included in tax ratio figures.

⁴Redevelopment Rate is based on the largest RDA tax rate area and only includes rate(s) from indebtedness adopted prior to 1989 per California State statute. RDA direct and overlapping rates are applied only to the incremental property values. The approval of ABX1 26 eliminated Redevelopment from the State of California for the fiscal year 2012/13 and years thereafter.
