Please!

Please reconsider the removal of Polley Fields from Ives Park.

I grew up playing on this field, running the bases and watching my family (generations) play softball. The best memories with my family was spending time on this field, sitting next to my grandma as she cheered for our family and friends (who became family), eating her breakfast burritos (Chorizo and eggs), eating anything and everything at the snack bar, and seeing everyone.

This field represents "family"! We can't see it go

Sincerely

Amanda Hansen (DeLaRiva)
