

CAC Working Group Survey

Sebastopol Celebration is scheduled June 18, 2022. This event is being planned by the relaunch Sebastopol group and most likely will take place in Ives Park, time TBD.

The organizers have told CAC that we are welcome to have a table at the event to interact with locals and build awareness of CAC and the Climate Action Framework.

Please answer a few questions for the Ed/Outreach Working Group to help us plan the tabling outreach for CAC. We plan to have the Framework represented at the table, an informational poster depicting CAC and the working groups, and how to contact us and how to be involved more. We hope to keep the table relatively simple and build awareness of CAC.

1. What would you like to share with residents about the work your working group is doing? (this can be a handout about a particular project or education sources or it can be a short survey that will direct your future work or it can be a small poster board of info or???)
2. Would one or more representatives from your working group be willing to table at the event?
3. As tablers we'd like to have conversation starters that have to do with climate action ready to converse with people. What question does your working groups have for fellow residents? (It should relate to the scope of your group work or to projects you are working on)
4. Does your group have any upcoming events to share with the public?

Please provide the items you would like to share at this tabling opportunity to the Outreach group for the Sebastopol Celebration.

Thanks,
Dena, Debbi, Sunali, Alex, Phoebe
