## Sebastopol City Council

In regard to the proposed RV Ban.

I've been a resident of Sebastopol for 27 years. I've been a homeowner, business owner, a volunteer & a coach. Not once did I encounter the police. I'm 61 years old. Disabled and on the waiting list for SAVS Village. I'm in process to get a hip replacement & taking the steps to become productive again.

The constant fear of being ticketed & towed makes me a recluse anxious & scared of loosing my home. I've never stayed on Morris Street. I need my trailer! It's my home!. Please come up with a solution that works for the city and all it's residents that call our city home?

Thank you for your consideration,

David A Yesue
