

Objective/Scope

Sebastopol has adopted a Climate Action Framework.

Now you are invited to host a tea party, a book club like discussion, a super club, whatever way you choose to create a fun event that brings your friends and family together to discuss the framework and ways you would like to help implement it.

If there are any groups or organizations you are a part of we encourage you to reach out to them to gather around this exciting possibility to create reality from our dreams.

Goal/Results

To generate community participation so they feel a part of the solution as well as make possible the implementation of the Framework as it will take looks of hearts to make happen.

Sebastopol City General Plan

This is consistent with the Framework!

Who

Everyone!

Project Timeline/key Milestones for Project (Connect this with Goals/Results)

Milestone #1 Tea Party like gatherings, Ongoing, Members of the Committee

Milestone #2 Implementation Groups, Ongoing, Members of the Community

Funding/Resource Needs

None

Sebastopol Times Online Monthly Article

Objective/Scope

Coordinating a monthly article in the online Sebastopol times with each sub-group doing an article once per month. This is free to anyone that can access the internet.

Goal/Results

The Goals of this project are to keep local sebastopol citizens informed about what we are doing as the climate action committee and to help get support and interest when needed! This will help inform citizens about what they can do to reduce carbon emissions and the efforts that this committee and the city are making to reduce carbon emissions.

Sebastopol City General Plan

Generally informing citizens about our carbon reduction and that goes with carbon emissions reductions goals!

Who

Dena Allen - Taking point to be sent every draft article before it is submitted to Kari, Holly and the Sebastopol Times.
