

City of Sebastopol Design Review Board

Meeting Date: 04/25/2023

Agenda Item: 7A, 7B, 7C

To: Design Review Board

From: John Jay, Associate Planner

Subject: Façade Improvement Program – Rebate Application Review

Introduction:

The Façade Improvement Program provides a rebate for expenses incurred on new exterior property improvements made to commercial or industrial buildings within the City of Sebastopol. The rebate can be applied to long term exterior improvements such as painting, new signage, awnings, landscaping, exterior lighting, and local permit fees.

The City has recently revised the Façade Improvement Program. The new revisions include the following:

- Increase the City contribution to 75% up to \$2,500 (previously 50% up to \$2500).
- Applications will be batched and reviewed and approved by the Design Review Board on a quarterly basis.
- Property owners and/or tenant spaces can apply every three fiscal years.
- Projects currently in process are eligible to apply for the rebate.
- If a property is sold the new property owner has the option to maintain the improvements and not repay the city a prorated amount.

At the beginning of the new fiscal the board has a fund of \$20,000 to allocate to Façade Improvement applications.

Project Description:

7A: 6871 Abbott Ave – Creekside Industrial Park - The applicant is applying to improve outside of the building by installing LED lights to help deter crime and make the near by trail safer for the people who use it. The lights will be 120 volts, 50 Watts, and they will be 5,400 and 6,750 lumens. The casing for the lights will have a dark bronze finish and will be 8 5/8" wide, 9 3/8" tall (with mounting unit), and 3 1/2" deep.

The applicant was previously approved for a façade improvement grant, but the lights that were approved for the façade improvement were discontinued, so the applicant is submitting another application for different lights.

The total cost of the project is \$746.48 as noted within the application. The Façade

improvement program designates either 75% of the total cost and not to exceed \$2,500. As proposed 75% of the cost of the project would be \$559.86 thus qualifying for \$559.86.

7B: 122 N Main Street – Sunshine River - The applicant is applying to improve the outside of the building by replacing the current awning with a black awning made from “Sunbrella” material. The applicant is also going to paint the front of the building white with black trim to match the neighboring business Lunchbox.

The total cost of the project is \$4,342.50 as noted within the application. The Façade improvement program designates either 75% of the total cost and not to exceed \$2,500. As proposed 75% of the cost of the project would be \$3,256.86 thus qualifying for the maximum amount of \$2,500.

7C : 236 S Main Street – Main Street Mercantile - The applicant is applying to improve the outside of the building by replacing the existing awning with a new 13’ 4” by 4’ 0” Sunbrella awning. The new awning will have 6” letters identifying the business. The color of the awning and letters is to be determined.

This application was approved at the last DRB façade improvement grant meeting, but the applicant was asked to provide other options than what was proposed and was unable to. The applicant is looking to be awarded the grant money that was originally going to be awarded to them.

The total cost of the project is \$4,079.25 as noted within the application. The Façade improvement program designates either 75% of the total cost and not to exceed \$2,500. As proposed 75% of the cost of the project would be \$3,059.44 thus qualifying for the maximum amount of \$2,500.

Analysis:

Should any of the façade improvement program requests be approved the City would be allocating \$2,500 out of the remaining \$2,500 fund. This would leave \$0.00 remaining in the fund for the rest of the fiscal year. There are currently two applicants seeking the remaining \$2,500 and the board can choose to either split the remaining money between the applicants or award all the remaining funds to one applicant of their choosing.

Should the Board approve any of the applications the recipient will be provided with signs advertising the FIP on their building.

Funds Available	Applicants	
\$2,500	122 N Main Street (Sunshine River)	6871 Abbott Ave (Creekside Industrial Park)

Recommendation:

Staff recommends that the Board review the applications, provide feedback and guidance to the applicants, and approve the projects for the Façade Improvement Program as the Board sees fit.

CITY OF SEBASTOPOL
FAÇADE IMPROVEMENT REBATE PROGRAM

Dear Business/Building Owner:

The City of Sebastopol offers a program aimed at encouraging local businesses and property owners to improve commercial and industrial buildings. Upgrades, maintenance, and aesthetic enhancements will benefit the entire community and enhance the local economy.

With these objectives in mind, subject to funding availability, the Sebastopol Façade Improvement Program will provide a *rebate* for expenses incurred on new exterior property improvements made to commercial or industrial buildings within the City of Sebastopol.

The program will reimburse a property owner or tenant for 75% of new improvements up to \$2,500. Eligible improvements include painting, new signage, awnings, landscaping, exterior lighting, and local permit fees. Façade building improvements (new windows, changing materials, etc.) are also eligible; however, note that larger changes may require Design Review approval as well.

The objective of the Façade Improvement Program is to provide an incentive to property owners and/or tenants to enhance the physical appearance of buildings and landscapes. This public/private partnership investment is intended to leverage private capital with public funds for greater community economic benefit.

To apply for the program a building owner or tenant, with the owner's approval, should fill out the attached application and include bid estimates for the proposed improvement(s). The Planning Department then reviews the submitted application for completeness and batches them to be reviewed on a quarterly basis by the Design Review Board for approval. Deadlines for applications for Fiscal Year 2021-2022 are:

- January 18, 2022
- April 19, 2022

It is anticipated that the Board will hear the Façade Improvement Submittals on Feb 16, 2022 (Jan applications) and May 4 (April applications).

Note, funding is limited based on the adopted City Budget. Funding may be entirely allotted in early rounds.

Applications are required to be submitted a minimum of two (2) weeks before the scheduled Design Review Board Meeting. If an application is submitted after the quarterly deadline it may be pushed to the following meeting.

For approved projects, work must be done by June 30, 2021, and requests for reimbursement must be made in the same Fiscal Year as when the project was approved, no later than July 1, 2021.

If you would like to apply for or discuss the program in more detail, please contact Kari Svanstrom, Planning Director at (707) 823-6167 or ksvanstrom@cityofsebastopol.org.

Sincerely,

Kari Svanstrom
Planning Director

Project Description: Update existing lighting with energy efficient LED Flood Lights. The purpose of these lights will be to deter crime and illegal camping, as well as enhanced safety for the large number of residents who access the Joe Rodota trail via Abbott Ave.

This is the 2nd application for this facade improvement program. Originally approved in early 2022. Unfortunately, I had quoted lights from [lowes.com](https://www.lowes.com) at the time of the application. Once approval was granted I went back to [lowes.com](https://www.lowes.com) to purchase the lights and they were no longer available. Hindsight being 2020 I should have contacted a commercial lighting supplier and found a common light that would surely be in stock and readily available once approved. That is the route I went this time.

The lights you see on this quote were sourced from the specs of the Lowes lights that were originally approved. These lights are also very common in exterior commercial lighting and are regularly available from the local commercial lighting supply.

Thank you for re-reviewing this application a second time.

CITY OF SEBASTOPOL
FAÇADE IMPROVEMENT REBATE PROGRAM

Dear Business/Building Owner:

The City of Sebastopol offers a program aimed at encouraging local businesses and property owners to improve commercial and industrial buildings. Upgrades, maintenance, and aesthetic enhancements will benefit the entire community and enhance the local economy.

With these objectives in mind, subject to funding availability, the Sebastopol Façade Improvement Program will provide a *rebate* for expenses incurred on new exterior property improvements made to commercial or industrial buildings within the City of Sebastopol.

The program will reimburse a property owner or tenant for 75% of new improvements up to \$2,500. Eligible improvements include painting, new signage, awnings, landscaping, exterior lighting, and local permit fees. Façade building improvements (new windows, changing materials, etc.) are also eligible; however, note that larger changes may require Design Review approval as well.

The objective of the Façade Improvement Program is to provide an incentive to property owners and/or tenants to enhance the physical appearance of buildings and landscapes. This public/private partnership investment is intended to leverage private capital with public funds for greater community economic benefit.

To apply for the program a building owner or tenant, with the owner's approval, should fill out the attached application and include bid estimates for the proposed improvement(s). The Planning Department then reviews the submitted application for completeness and batches them to be reviewed on a quarterly basis by the Design Review Board for approval. Deadlines for applications for Fiscal Year 2021-2022 are:

- January 18, 2022
- April 19, 2022

It is anticipated that the Board will hear the Façade Improvement Submittals on Feb 16, 2022 (Jan applications) and May 4 (April applications).

Note, funding is limited based on the adopted City Budget. Funding may be entirely allotted in early rounds.

Applications are required to be submitted a minimum of two (2) weeks before the scheduled Design Review Board Meeting. If an application is submitted after the quarterly deadline it may be pushed to the following meeting.

For approved projects, work must be done by June 30, 2021, and requests for reimbursement must be made in the same Fiscal Year as when the project was approved, no later than July 1, 2021.

If you would like to apply for or discuss the program in more detail, please contact Kari Svanstrom, Planning Director at (707) 823-6167 or ksvanstrom@cityofsebastopol.org.

Sincerely,

Kari Svanstrom
Planning Director
