Good morning,

Jennifer Adametz with the Barlow wrote the letter of support below. I'm not sure if she sent it to council members or city staff, so I just want to forward to you all so it can be included in public comment for the 18th.

Thanks so much,

Celia Furber (she, 她, ella)
Community Relations & Sustainability Manager

Subject: **Support for Recology**

CAUTION: This email originated from outside of Recology. Do not click links or open attachments unless you recognize the sender and know the content is safe. Please forward to the Security Team at SecurityEmail@Recology.com if you are unsure.

To Whom it May Concern:

My name is Jennifer Adametz and I am the Property Manager for The Barlow in Sebastopol. Prior to my career here at The Barlow, I worked for 10 years at Republic Services, the hauler in the South Bay, with my last position being in the same role as Ambrosia Thomson, Recology's Waste Zero Specialist. I can singlehandedly speak from experience that being in the role she's in is no easy task, and she has been extremely supportive of

The Barlow and our efforts here to manage our waste, recycling and compost. I am so thankful for her and the Recology team. For being a 12.5 acre place of business and having multiple waste receptacles, we are always provided with excellent service and whenever I've had an issue, I call customer service and it gets resolved. This letter is to support Recology in the hopes that they can maintain their contract here in Sonoma County.

Thank you so much!

Jennifer
