Mayor Rich,

yes you are welcome to post my reply as long as my email and or address will not be made public. Again I urge you and all members of the council to stand up for those innocents actually suffering incomprehensible violence, pain and torture through this genocide without whitewashing the process or giving in to to bullying.

Ask yourselves,

Do I want to leave this world a better place for my children, grandchildren and great grandchildren?

What would their future selves tell you to do?

Do I want to live in Peacetown or Sundown town?

Real changes in this country start at small and local levels this is your opportunity to be a part of that.

Don't look away, FREE PALESTINE, CEASEFIRE NOW!!!

have a question: Do I have your permission to post your reply as public comment on the webpage for the February 20 meeting? We generally do that with any comment submitted on an item that has been posted. Diana

Mayor Rich,

I wanted to express my disappointment in the choice you and Vice Mayor Zollman have made to remove Item #4 from the agenda for the 2/20/23 council meeting. I feel like your reasoning is flawed considering there has been no violence in any of the cities in Sonoma county that have passed or are engaging in conversation about passing a ceasefire resolution. The urgency of this matter is very clear, so an ambiguous statement that it may return to an agenda at a later date, with a bigger venue is simply not acceptable. Historically peace is often attained through conflict resolution, please earn the moniker "Peacetown" by being willing to do the work, now!
