Subject: In support of peace resolution
Date: Tuesday, February 20, 2024 12:26:31 AM

Hello

I've lived in Sebastopol for 36 years and as a local Jew I support the resolution. Peace is good and war and bombs are not. This declaration, while not complete for lack of naming Hamas as the terrorist group they are, is nonetheless worth backing and hopefully it will inspire other cities to do the same. Please pass the resolution.

Ben Lev
