As a resident of Sebastopol I would be so proud of our city if the council passes the Ceasefir Resolution in Gaza. As a Jewish woman I have never felt so ashamed of my people for supporting this depravity. Killing children and women and non-combatants in cold blood with tens of thousands of dead children, I am left with no words. To say nothing, to not support a permanent ceasefire when we could help, when we could get this to stop is criminal in my mind. Please don't be intimidated by the pressure put on you by Zionists that seek nothing but revenge. Stand up, show up for the community that elected you and stand up for what is right. The murder of children is never right. How can we teach our own children that violence has no place and then support the mass execution of a people. Please pass the resolution. Thank You.
