Dear Council Members

Don't offer ceasefire to the terrorists organization that killed, raped and mutilated innocent people. Ceasefire resolutions are helping Iran, Russia and Hamas.

You want immediate and permanent ceasefire - instead demand Hamas surrender and hostage return.

You call Hamas militants- they are new Nazis and terrorists.

You didn't demand ceasefire during Syria war with 500000 civilians killed.

City council doesn't solve international conflicts - CIA Director is in the region now to do that.
