Please support the proposal by St. Vincent de Paul to build housing in Sebastopol.

Your town has a meaningful opportunity to allow housing which serves people who are most in need. The low income residents are like you because they have lived their lives and worked hard. Like you, they need a place to live. Like you, many of them are from Sebastopol.

SVDP has a long history of successfully serving in Sonoma County. Sebastopol and SVDP could be genuine partners in this endeavor. Please assure that this project moves forward.
