Sebastopol, CA 95472

Subject: Support for Recology

Dear Members of the Sebastopol City Council,

I am writing this letter on behalf of the Sebastopol Center for the Arts to express our support for Recology as the recycling, composting, and garbage service provider for the City of Sebastopol. Recology has been an invaluable partner and service provider to our organization, and we believe that they have consistently demonstrated a commitment to environmental sustainability and community engagement.

The Sebastopol Center for the Arts has benefited greatly from Recology's services, and we have witnessed their dedication to promoting responsible waste management practices within our community. Their initiatives, such as educational outreach programs and supporting community based organizations, have contributed significantly to raising awareness about the importance of recycling and composting.

As you consider the selection of a service provider for recycling, composting, and garbage services in Sebastopol, we urge you to take into account Recology's proven track record as a responsible and community-oriented partner. Their commitment to sustainability goes beyond providing essential services, extending to educational and community engagement efforts that align with the values of our city.

In conclusion, we recommend that the Sebastopol City Council continues its partnership with Recology as the service provider for recycling, composting, and garbage services. We believe that this decision will contribute to the continued well-being and environmental sustainability of our community.

Thank you for your time and consideration.

Sincerely,

Serafina Palandech

Executive Director

Sebastopol Center for the Arts
