Dear Council:

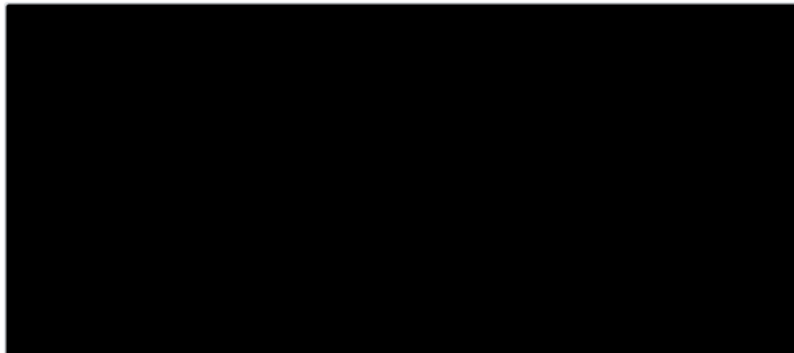

I am a long-time resident of Sebastopol, having raised my children here. I am a mother, grandmother, author and spiritual advisor.

I am using my voice to vote for adopting the Ceasefire Resolution to stop the horror in Gaza. We cannot allow "Never Again" to be selective, for some and not for others. The ICJ ruling of "plausible genocide" is historic. I support it.

Thank you,

Leslene della-Madre
