

## Report: Sebastopol Community Priorities Survey

To supplement outreach activities and gather additional feedback from the local community, the City published an online “Community Priorities Survey” available to residents. The survey includes nine options regarding City services and administration, and offers participants an option to ascribe a “High”, “Medium” or “Low” Priority to each. There is also an option to fill in “other” as an option.

The survey was opened on June 26 and closed July 11, 2024. The survey received 1,013 responses. The top three issues judged a “High Priority” by respondents included:

- Providing effective public safety, including 911 emergency medical/police/fire response
- Managing city finances
- City response to floods, wildfires, and other natural disasters

The word cloud below speaks to the items listed under “Other”:
