Dear Council Members,

I am appalled that as a resident of Sebastopol for the past 30+ years that I have to write about First Amendment Rights, specially freedom of the press, to Council Members in *SEBASTOPOL*. I just read the article from the Sebastopol Times about the new press policy. I am shocked and disheartened, and I demand that this fascist policy be withdrawn and voted down immediately.

I will be sending this email and the Sebastopol Times article to my many family and friends. The above Sebastopol citizens on my cc list is just a start.

Please respond and let me know that the press once again has full access with no impediments to council members.
