I will also add that my daughter who lives in Windsor is not happy with their service.

I am writing to share with you that I ask that you do NOT change services. I am very satisfied with Recology in all aspects and do not have any desire to change to this other company. I don't understand why you would desire to change from an efficient and communicative company like Recology to a company that has horrible reviews and that appears to be more costly to its customers. Just going to their website left a bad impression. Please listen to your constituents and continue in contract with Recology. There is no reason to try to fix something that is not broken.
