council members,
the very idea, let alone implementation, of your press policy, gives me hives.
this policy feels like a first step to sebastopol's governance being in step with the current national government trends. (read fasist)
is this really the direction you believe we the citizens of sebastopol want our city to go?
i am not a public speaker! i do not go out in the evening, i will however make an exception for the march 4th city council meeting.
respectfully request the item be moved to the beginning of the meeting.
