CITY OF SEBASTOPOL CITY COUNCIL AGENDA ITEM REPORT FOR MEETING OF: December 17, 2024

===========	
То:	Honorable Mayor and City Councilmembers
From:	City Clerk
Subject:	Receipt of City Council Committee Assignments Submittals from Councilmembers
	for City Council Committee Assignments and Liaisons to Various Committees.

EXECUTIVE SUMMARY: This item is to request that the City Council Receive Committee Assignments Submittals from Councilmembers. The Mayor will receive all comments and applications at this meeting and return to the January 7, 2025 City Council meeting with recommended appointments for Council ratification. This is also an opportunity for the Council to consider removal of committees, or consideration of addition of Council Committees or Liaison roles.

BACKGROUND:

Prior to December 2022, the Council as a whole reviewed and discussed the Committee Assignments for the upcoming Calendar Year. The Council was provided a list of Committees and the City Council reviewed each committee asking for volunteers or those interested on serving on the committee. Once everyone had submitted their names, Councilmembers interested would provide comments and advocate for their appointment to a committee; and then the Council would discuss the appointment to the committee. After discussion the Council would recommend the Councilmember to the committee.

In December 2022, the City Council approved a new process for City Council and City Staff Committee Assignments. It was felt that the new process would streamline the Committee Assignment process and allow individual Councilmembers to put forward their interests in which committees to the Mayor who will make recommendations to the full City Council. Upon Notification of Certification of the Election or by December 15th of each year, all Councilmembers would receive a copy of the Current City Council and City Staff Committee Assignments as well as an application that a Councilmember would fill out and return for consideration. A separate application was required for each Committee that a Councilmember was interested in. The Mayor would then review the applications submitted, speak with the Councilmember to obtain any additional information on their interest to serve on the committee, and provide a recommendation at the first meeting in January of each year of Council Committee Assignments. The Council would then be asked to approve/ratify the recommendations of the Mayor.

Recently the Council approved City Council Policy Number 9: The City Council and City Staff Annual Board and Committee Assignments. The approved process is listed below:

Annually, at the second City Council Meeting in December, or at the next meeting following certification of a Municipal Election, the Council shall consider City Council and City Staff Committee assignments.

City staff will provide the City Council at a publicly noticed meeting a list of Committees and the City Council shall review each committee in open session and if a Councilmember is interested shall request appointment to the committee. Councilmembers may make short statements advocating their reasons at this meeting. Councilmembers may also fill out and submit the City Council Summary Form for Committee Requests as well as an Application for each Committee the Councilmember is interested in. The City Clerk will attach any completed Summary Forms and Applications received to the Agenda Report for Discussion at the City Council meeting.

Councilmembers are encouraged to complete Summary Forms and Applications, but they are not required. As noted above, Councilmembers may make short statements advocating their reasons at the Council meeting where Committee assignments are discussed.

After review and discussion of all committees in the publicly noticed Council Meeting, the Mayor will take all requests into consideration and return to a future City Council meeting but as soon as possible after receipt of committee requests with recommendations for committee assignments. The Mayor shall provide explanations for appointments, as requested by councilmembers at that meeting. At that meeting, the City Council shall ratify the appointments, or modify as the City Council deems appropriate. The goal of committee appointments is to equitably distribute appointments among all councilmembers, while also taking into consideration the prior experience or expertise of specific councilmembers for specific appointments.

CITY STAFF COMMITTEES:

Annually, at the second City Council Meeting in December, or at the next meeting following certification of a Municipal Election, the City Manager shall make recommendations for City staff to serve on, or advise, Committees. The City Council can ratify the recommendations for City staff assignments, or request the City Manager consider alternative staff assignments. The City Manager makes the final decision regarding staff assignments. The City Manager will notify the City Council of any changes in staff assignments for Committees.

DISCUSSION:

City staff sent out to the City Council the list of committee assignments as well as a summary sheet and application form. As of the posting of this agenda item, the City Clerk received the attached for consideration for appointments.

The City Manager has also reviewed the committee lists for staff appointments and made the following recommendations as highlighted on the attached committee list.

Per the policy, the Mayor will take all information received at this meeting and return to the January 7, 2025 City Council meeting for recommendations to committees and Council ratification.

This is also an opportunity for the Council to consider removal of committees, or consideration of addition of Council Committees or Liaison roles. If a committee or liaison is proposed for removal or addition, it is recommended that those proposals be discussed during this item to determine consensus. If there is consensus for removal, the committee will be removed from the list. If there is consensus for additional of a new committee or liaison, if there is consensus, it is recommended that the proposer submit information as noted below per City Council Policy Number 10 to the City Clerk for consideration at the next City Council meeting where ratification of the committees is agendized.

ATTACHMENT / SCTA-RCPA.

This is a committee where I have had interest in serving since elected in 2016. I had the first opportunity to serve as Sebastopol's representative for the past two years. This committee generally has long term council members who serve multiple years due to a complex learning curve when joining the Board. My area of interest in transportation has been proven and I attempted appointment for MTC in both 2019 and 2022. Unfortunately, in both attempts I was not appointed at the BOS after having support from the nine-city Mayor and Councilmembers Association. Currently within the Board, I also serve as an alternate member on the 2024 SCTA/RCPA Executive Committee, I serve on the RCPA Climate Action Sub- Committee which will be holding its next committee meeting in January 2025. In 2024, I coordinated a joint phone with our 5th District Supervisor Lynda Hopkins to address Sebastopol issues with CalTrans representatives. I also have attended a community meeting discussing the Hwy 12/Fulton Road/Seb Road signal area plans for the future.

I request continuing as Sebastopol's representative on the SCTA/RCPA committee

CITY COUNCIL POLICY NUMBER 8 City Council Liaison

A city council liaison's role is to facilitate communication between organizations, community members, groups, non profits and the council, and to keep the council informed about a group or activity.

The City Council is the legislative-policy-making branch of City government. The City Council consists of five members. Each member is selected from a non-partisan, at-large election and serves a four-year term, however, there are no term limits in the City of Sebastopol. Annually, the City Council appoints a Mayor from its membership to serve a one-year term.

It is important to note that the Council acts as a body. No member has any extraordinary powers beyond those of other members. While the Mayor and Vice-Mayor have some additional ceremonial and administrative responsibilities, all members are equal with regard to voting and in other significant areas.

The intent of this policy is to ensure a fair and equitable policy for all Councilmembers regarding the roles of a City Council Liaison.

PURPOSE:

The purpose of this policy is to create a list of roles and responsibilities for City Council Liaison.

DEFINITION:

With Council approval, a Councilmember may serve for a calendar year as the Council's Liaison (i.e. representative), to an organization or group. A City Council Liaison is appointed at an open City Council meeting to serve as a Council liaison to an organization or group. A City Council can also appoint an alternate City Council Liaison member to act in the capacity of Council Liaison if the primary liaison is not available.

RESPONSIBILITIES:

A Liaison is responsible for facilitating communication, collaboration and coordination with the designated organization or group, and with regular reporting and accountability to the Council.

Individual members of the Council may be assigned as liaisons whose duties involve keeping current with a group or activity by either attending meetings or conferring with members, and keeping Council informed.

Care must be taken to avoid an appearance of conflict of interest possibilities.

Responsibilities Include:

- Facilitate communication
 - The liaison's primary role is to facilitate communication between the organization or group and the Council.
- Act as a spokesperson

- The liaison can act as a spokesperson for the council by action/direction of the City Council.
- Monitor the organization or group
 - The liaison can monitor the organization or group to identify issues that could affect its functioning.
- Attend meetings
 - The liaison can attend meetings or confer with members of the group or activity to keep current.
- A Councilmember liaison is acting as a representative of the full Council and, as such, has no authority to provide any direction or guidance to the group other than direction or guidance that clearly represents direction or guidance of the full Council.
- A Councilmember liaison shall not make any promises to the group that require Council approval, and should clearly communicate to the group when Council approval will be required.
- Shall report out during City Council Meetings Monthly describing Council Liaison activities.
- Agenda Items:
 - Liaison shall be identified as the author of the item.
 - Agenda items brought by Councilmember Liaisons shall be subject to the rules and procedures applicable to all Agenda Items in accordance with City Council Policy Number 6.

STAFF ROLE WITH COUNCIL LIAISON (or alternate)

- 1. As a general rule, shall provide Council liaison with timely written or oral updates of developments or issues specifically affecting the group, organization, etc.
- 2. Shall inform Council liaison in advance of upcoming meetings or communications with the group, organization, etc.
- 3. Shall invite Council liaison to participate in said meetings or communications.
- 4. Shall provide Council liaison with at minimum a verbal report of any meetings or communications that did not include the Council liaison
- 5. Assists with agenda item preparation in accordance with City Council Policy Number 6.

CITY COUNCIL POLICY NUMBER 10 CITY COUNCIL AD HOC COMMITTEES

PURPOSE:

Ad hoc committees are commonly used in City government. For example, the Council might choose to appoint two Councilmembers to evaluate and report on a particular issue or subject relevant to the Council.

The use of Ad Hoc committees is permitted under the Brown Act so long as they:

- Serve a limited or single purpose that is not perpetual; does not have continuing subject matter jurisdiction over a particular issue or area;
- Are comprised solely of less than a quorum of the City Council (for a five member Council as in Sebastopol, that means two Councilmembers.);
- Have a defined purpose and timeframe to accomplish that purpose;
- Dissolve once the specific task is complete or the time has expired; and
- Does not have a meeting schedule fixed by formal action of a legislative body; and
- Are advisory.

An Ad Hoc committee is not subject to requirements of the Brown Act, including the requirement to hold public meetings.

INTENT:

The intent of this policy is to ensure a fair and equitable policy for all Councilmembers regarding Committee Assignments.

CREATION:

The City Council at any time during the year submit an agenda item to the Agenda Review Committee (per City Council Policy Number 6) requesting creation of an ad hoc committee.

At the publicly noticed meeting where the agenda item request is heard for a creation of an ad hoc committee, the agenda item shall contain at a minimum:

- Name of Ad Hoc Committee
- Reason for Ad Hoc Committee
 - o Subject / Defined Scope / Duties/ Responsibilities of the Committee
- Recommended Formation of the Committee
- Recommended Staff to advise the Committee
- Amount of Staff time Estimated for Committee
- Frequency of Reports to the Council, and whether those reports will be expected verbally or in writing (it is the intent of the Council to receive regular reports from all Ad Hoc Committees)
- Other Deliverables

Agenda Item Number: 12

Dear Members of the Sebastopol City Council,

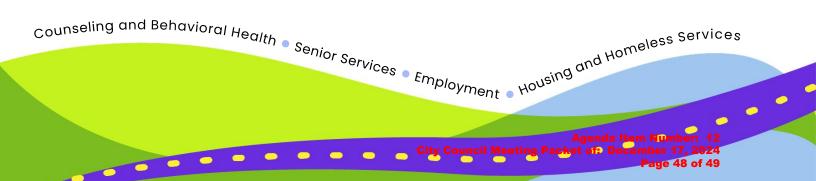

My name is Christy Davila, and I am the Executive Director of West County Community Services (WCCS). Our organization provides a wide range of housing, counseling, and senior services in West County and beyond. In Sebastopol specifically, we have a significant presence, offering homeless outreach services, case management at Park Village, housing support at Elderberry Commons, and Senior Peer Counseling for older adults in their homes.

One of the most critical supports for our work has been the homeless service provider liaison position. This role has been instrumental in ensuring clear, efficient, and consistent communication between WCCS, our services, and the City Council.

The liaison serves as a central point of contact, which helps streamline the flow of information, updates, and inquiries. Even during periods of lower activity, we keep the liaison informed about ongoing developments and collaborate to address any emerging challenges. This proactive communication ensures smoother operations and mutual understanding.

The importance of this position becomes even more evident during times of crisis or disaster. When urgency and coordination are paramount, having an established liaison with a pre-existing relationship allows for a quicker, more effective response. Without this role, the city risks a delay in appointing someone to bridge the gap between service providers and municipal decision-makers, potentially hampering response efforts.

For these reasons, I strongly encourage the continuation of this valuable position. Its presence strengthens collaboration between the city, providers like WCCS, and the community we collectively serve.

Thank you for considering this request to maintain and support a role that has proven to be essential for our shared mission of community service and resilience.

UNT)

Sincerely, Christy Davila Executive Director West County Community Services (WCCS)
